

**Announcement made by Mr Speaker at the sitting  
of Tuesday 17 November 2020**

**Honourable Members,**

I have an announcement to make.

At the sitting of the House, on the 3<sup>rd</sup> of November last, the Honourable Juman attempted to submit two documents, in support of his supplementary question following PQ B/668.

A perusal of the first document, of which the Honourable Member makes no specific reference, anyway, is a loose copy of the Notes of Meeting of the Mauritius Ports Authority of the 9 October 2020.

The document is unsigned and has not been authenticated.

The second document is an extract of a correspondence by email dated 26 October 2020, purportedly sent by one Mrs. H.T of (MU PLU ECU World-wide), presumably, a private company, to her President, one Mr. A.D.

Besides not being in a position to verify its source, there is no tangible proof of its contents which cannot be ascertained.

I rule that the documents are not admissible.

Thank you.
