We have already made a survey of the land to be acquired between La Vigie and La Brasserie. The Ministry of Housing and Lands is working on the acquisition of those plots. Many of the plots are State land and then, we have launched the prequalification of contractors. In fact, this project was supposed to be financed by the Indian Line of Credit. We floated it at one point in time, but it didn't work out. So, now it's going to be funded by the Government. So, the prequalification of contractors is due at the end of August.

**Mr Bodha:** The contractor? If I can have the name of the contractor a bit later.

**The Chairperson:** We take another question in the meantime.

**Mr Ameer Meea:** Yes, on page 161, item 31113.003 - (b) *De Caen flyover, Port Louis*, there was a project value of Rs377 m. May we know what has been the total cost of this project? The more so that cracks have appeared on parts of the flyover.

**Mr Bodha:** So, the project value was Rs377 m. and there is no variation. Now, as for the cracks, I have the details here. In fact, we have two cracks on the Jersey barrier. The crack is 5 millimetres. One is 12 millimetres, the other one is 5 millimetres. It's on the Jersey

barrier. So, it's about 80 centimetres high. On the asphalt, we have two small cracks. One is 10 millimetres and the other one is 5 millimetres. We are monitoring closely the situation. From what I have been told, it is maybe due to what they call 'the differential settlement' and we are monitoring the situation closely. Anyway, the road is still under the defects liability period of one year. So, I would like also to specify, as I really wanted to say so, that the cracks on the Jersey barrier is, one 5 millimetres and the other one is 12 millimetres and the crack on the asphalt is, one is 5 millimetres and the other one is 10 millimetres, but we are closely monitoring the situation. We have asked, in fact, the contractor to give us a report on a daily basis. The contractor was a consortium of Transinvest and General Construction.

**The Chairperson:** We take another question from hon. Shakeel Mohamed in the meantime.

**Mr Mohamed:** May I, Madam Chairperson?

**The Chairperson:** Yes.

**Mr Mohamed:** Thank you.

**Mr Bodha:** I'll answer the road and bridges. Well, the airport road is going to be built by AML. AML is going to take care of that. In fact, the RDA will help, but it is going to be a project which will be funded by the AML.

**The Chairperson:** Hon. Shakeel Mohamed, ask you questions!

**Mr Mohamed:** On page 161, item *31113.003 - (b) De Caen flyover, Port Louis*, could the hon. Minister tell us, since the flyover was built, we will all recall, on part of the

motorway which is reclaimed, was a geotechnical assessment and material also carried out within that price, or who was the contractor that carried out the geotechnical assessment and material testing? Was it within that price and, if so, was it subcontracted?

**Mr Bodha:** Which project?

**Mr Mohamed:** De Caen flyover, since it was built on part of the motorway which is reclaimed, was a geotechnical assessment and material testing carried out, by whom and what was the cost?

**Mr Bodha:** It was the design and build. So, all the cost was inclusive for the geotechnical survey, the testing, the design and the build.

**The Chairperson:** Hon. Bhagwan! Hon. Tarolah!

**Mr Tarolah:** Thank you, Madam Chairperson. Page 161, item 31113.003 - (l) B28 Road (Lot 3) Phase 1 - from Deux Frères to Beau Champ, can we know the progress and if Phase II is going to start?

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Madam Chairperson, with regard to item (c) *Repair of embankment failure on Terre Rouge Verdun Road*, may we have the total amount invested in repair of Verdun Road today by his Ministry?

**Mr Bodha:** In fact, there are two repairs, one is for the fill and one is for the piles. So, as regards the fill, it was Rs283 m., exclusive of VAT and the piles were Rs134 m., exclusive of VAT. The total cost is Rs410 m. for the repair.

**The Chairperson:** Hon. Jahangeer!

**Mr Jahangeer:** Thank you, Madam Chairperson. Item .003 *Construction and Upgrading of Roads, (t) Quay D Flyover*, may I know if the contract has been awarded and to whom? Because I don't see any provision.

**Mr Bodha:** No, this is a new project, it is at the design stage. So, we are working on it.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** Thank you, Madam Chairperson. Item .003 (h)-*Pointe aux Sables Road at Petit Verger*, out of the Rs70 m. which was budgeted last year, may I know how much has been spent and where matter stands?

**Mr Bodha:** So, Rs117 m. was budgeted. So far, we have spent Rs15 m. and the start date was February and the date of completion is expected to be in a year, so, February next year. What we have paid, in fact, does not reflect - I think the works, if I remember, one third has already been completed.

**The Chairperson:** Yes, you have one question? Be brief because we have already exceeded the time.

**Mr Lepoigneur:** Item (o) *Cap Malheureux Bypass*, can the hon. Minister table the study undertaken due to condition of this road as well as the environmental impact?

**Mr Bodha:** In fact, I have also explained that this bypass is one of the three elements. One is connection from La Croisette to the coastal road, the second one is the upgrading of Chemin Vingt Pieds and the third one is the Cap Malheureux Bypass. So, what would you like to know?

*(Interruptions)*

We have an EIA which has been done for this project. As regards the traffic, well, the idea was to decongest the coastal road which has got many curves. So, this has the three stages. As I mentioned, La Croisette to coastal road, every engineering of the Chemin Vingt Pieds and then, the straightening of the road from Cap Malheureux to St. François.

*(Interruptions)*

**The Chairperson:** No question from a sitting position! Page 162, no question! Page 163, hon. Ms Sewocksingh!

**Mr Henry:** *Item 22100 - Publications and Stationery*, je vois qu'il y a une somme de R 176,020,000 qui a été voté l'année dernière, peut-on avoir les détails, s'il vous plait ?

**The Chairperson:** Publications and Stationery.

**Mr Bodha:** Publications and Stationery, so, there are paper and material, printing and stationery, public notice, publication. So, it's fees for consultant, it's Singapore Corporation Enterprise for delivering, management and advisory services in connection with the Metro. So, in fact, it is for the assistance, for the second phase, once the construction is over for testing, handover, integrations of works and assisting Metro Express Ltd. (MEL) at physical meetings, monitoring, compliance and auditing of safety, quality, environmental competency and performance obligations, it's of the performance management of supervisor and contractor, including auditing of works. In fact, it's the supervisory role of Singapore Corporation Enterprise as regards the implementation of the Metro Express Project.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** It has already answered.

**The Chairperson:** Page 168, hon. Abbas Mamode!

**Mr Abbas Mamode:** Thank you, Madam Chairperson. Concerning item 22060 - *Maintenance of which (b) Speed Camera*, I would like to know the number of Speed Camera being maintained and the name of the contractor?

**The Chairperson:** Maintenance of speed cameras.

**The Chairperson:** Yes, hon. Adrien Duval!

**Mr A. Duval:** With regard to *Item 22030 – Rent*. Rent for this year will be Rs7.7 m., may we know to whom we are paying this money and why there is an increase?

**Mr Bodha:** We had an initial lease which was renewed in 2015 for an additional period. The lease was subsequently renewed on 2017. So, the lease was finally renewed on 31 May and there was an increase because it is for an 8-storey building warehouse and parking slots.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** If I may come back to the issue of traffic lights again, maintenance of traffic light, the hon. Minister just mentioned the name of Subani & Sons. Can we know from the hon. Minister whether this company works on 24/7 basis? We just had a fatal accident recently because of the traffic lights; two persons lost their lives.

**Mr Bodha:** In fact, it should work on a 24/7 basis. There is a number on each traffic light that people can use to call and tell them that the system is not working. Now, the fact that there was this accident in Goodlands, an inquiry will be done; then, we will take the company to task. In fact, if the system does not work, you have three possibilities: either it is off, or it is on the flashing mode, or it works normally. In fact, we are making an inquiry. We will see to it that people can call them whenever there is any fault. In fact, there is a hotline which is 8001500. The question is not only having the hotline, it is also the response. So, we will look into the matter.

**The Chairperson:** Hon. Baboo! No question? Page 169, hon. Henry!

**Mr Bodha:** In fact, it has a number of items. You have studies and surveys. We spent Rs20 m.; then you have the awareness and sensitisation campaign, the education campaign, the training campaign, the road safety observatory, the capacity building, and all this comes up to this sum.

**The Chairperson:** Page 169! Hon. Rughoobur!

We have also floated a new exercise to ask other sponsors to come forward to be able to provide those smart bus shelters. I will see to it that we have a number in Constituency No. 17. *(Interruptions)*

The Road Traffic Commissioner. So, we are coming with a new law which is going to be the National Transport Agency with two pillars, one for the road and one for the rail. In fact, the road pillar will remain as it is. So, we'll have a new pillar for the railway and then you'll have a Chief Commissioner who will, in fact, be in charge of the two and the law in fact has already been drafted. We are going to come to Parliament in the coming weeks and, in the

meantime, we'll talk to the workers but I would like to reassure all the workers of the National Transport Authority as they are now that they will not be affected at all.

**Mr Bodha:** For the Vehicle Examination Centres, they are the same. So, we have SGS, Eastern and Autocheck. They are the same.

**The Chairperson:** Hon. Ameer Meea!

**Mr Ameer Meea:** Yes, page 172, the last item – 31132.109 - *Computerisation of National Transport Authority*, recently there were the new number plates, personalised number plates and it was being sold online and after some time, it was being freeze. May we know what is the exact reason as to why this exercise has been freeze and also where matters stand?

**Mr Bodha:** In fact, there was a registration online and then we requested everybody to come to the National Transport Authority. What happened is you had some *courtiers* who came at 4 o'clock in the morning. So, what I have asked in fact is that now it would be registered online and payment online to make it easier.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Madam Chairperson. With regard to item 25500.002 - *Bus Modernisation Scheme*, may we know out of the Rs100 m. last year, how many bus companies have used that scheme and how much was disbursed?

**Mr Bodha:** Last year, there were subsidies to the tune of Rs53 m. So, with more or less, the subsidy is about Rs1 m. So, it meant that last year, there were 53 new buses on the road.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** On the same item but coming to item 25500.001 - *Free Travel Scheme*, Rs1,256,000,000 last year and it is repeated every year. May I know from the hon. Minister how many bus owners have been disqualified under this scheme? As we know, there are some abuses.

**Mr Bodha:** There is a lot of abuse. In fact, because of the abuse, in some cases what we have done is that we have introduced CNT buses and we have divided the sum total of the subsidy. For example, if you have 8 buses, individual operators, who are not giving the satisfaction, we bring in 2 buses and we divide it in 10. But from the answer I have that none has been disqualified but I think that in one route there has been the disqualification, in the south. In fact to address this issue which has been with us for the last 14 years, in fact, because the free travel was introduced in 2006, we are coming with the cashless travel system where the NTA is going to pay as we go. That is we pay for the number of people who are going to actually travel. So, this is being floated now, we will come back with a cashless system.

**The Chairperson:** Hon. Rughoobur!

**Mr Rughoobur:** Madam Chairperson...

**The Chairperson:** 172.

**Mr Rughoobur:** Item 31132.109 - *Computerisation of National Transport Authority*, I believe that it has been completed already but I wanted to know whether there has been provision for maintenance in the contract and who is the contractor.

**The Chairperson:** Hon. Ameer Meea!

**Mr Ameer Meea:** Page 176, item 22190 - *Overseas Travel - Staff posted in Embassies*, at a point in time, there was question of opening a Consulate in Jeddah. May I ask the hon. Minister where matters stand, please?

**Mr Bodha:** Madam Chairperson, *agrément* has been sought for one Minister Counsellor, who has already been, in fact, nominated, it's going to be Mr Naguib Somorou

**Mr Osman Mahomed:** Yes, thank you. Item 22190 - *Overseas Travel - Staff posted in Embassies of which Diaspora related Events*, we have been asked to vote for Rs4 m. for the diaspora related events. May I ask the hon. Minister some details about this?

**Mr Bodha:** This is a project. Government adopted a national Migration and Development Policy engaging concerned Ministries, including our Ministry. An estimation was worked in consultation with other relevant sections. The idea is to have the trained officers based in Paris for Europe, Canberra for Australia. I think that there are three. The idea is to organise special events to engage with the diaspora so that they can interact with Mauritius. They can come forward to offer their skills and have a closer tie with the country.

**The Chairperson:** Page 177. Hon. Jahangeer. No. Hon. Boolell.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Item 31122.402 - (b) *On-line Register for Diaspora*, for which we are being asked to vote Rs1.5 m. as part of a project that will cost Rs3 m. eventually. Can I ask the hon. Minister some basic details about this?

**Mr Bodha:** It's provision for purchase of relevant IT equipment, we will have a dedicated portal for the diaspora and the register will create a platform to gather information on our diaspora abroad in view of elaborating a comprehensive database which will help authorities get an idea on the competences and skills available at the level of nationals living abroad.

**The Chairperson:** Hon. Fowdar!

**Mr Fowdar:** Thank you, Madam Chairperson.

**The Chairperson:** 177!

**Mr Fowdar:** No, I am on 179.

**The Chairperson:** Hon. Sewocksingh!

**Ms Sewocksingh:** Item 31112.408 - (b) *Upgrading of Amenities and Services (New Delhi)* (c) *Upgrading of Security System (New Delhi)*, may we have an update of these projects?

**Mr Bodha:** I just gave the details.

**The Chairperson:** The Minister just replied.

**Mr Bodha:** Okay. So, the project consists of repair and upgrading works at the Mauritius High Commission and Staff Residence in New Delhi. The first stage of the project consists of the selection of a consultant for the design, preparation of works, bidding documents, supervision; for the repair. Okay, so the consultancy bid document has been prepared in February. The Ministry is exploring other alternatives for implementing maybe a G to G option. We have received a list of state-owned public sector undertakings from India and the bidding exercise will be launched soon with a closing date, 19 of July 2019.

**The Chairperson:** Hon. Ameer Meea!

**Mr Ameer Meea:** Already answered.

**The Chairperson:** Page 179. Hon. Baboo!

**Mr Baboo:** Thank you, Madam Chairperson. Item 22900.965 - *SADC Trade - Related Facility Programme*, may we know from the Rs45 m. allocated last year, how much fund has been used from that?

**Mr Bodha:** There has been a decrease because the implementation has been slowed. There has been a poor response of bids launched for several projects. We have had some problems of procurement and so far we have spent Rs6.5 m.

**The Chairperson:** Hon. Henry!

**Mr Henry:** Item 22120.008 - *(b) Implementation of National Intellectual Property Plan*, je vois qu'il y a une somme de R 10,500,000 qui a été votée l'année dernière, peut-on avoir les détails et qui sont les consultants?

**Mr Bodha:** Well, this was developed in 2009 with the assistance of the World Intellectual Property Organisation with a view to implement the main recommendations of the intellectual property plan and to facilitate the use of the world intellectual property to meet development goals and ensure policy points. I would like to thank my colleague, the Attorney General, because today itself, he has given the clear for the new Intellectual Property Bill. It will be introduced in Parliament very soon. So, we will have consultancy fees to be able to implement this system which I think is going to be very helpful together with this Innovation and Research Council.

**The Chairperson:** Hon. Boolell!

**Dr. Boolell:** Same item, Madam Chairperson. With respect to the fees paid to consultants, consultancy firms enlisted to conduct all these studies, can we have the name of the consultant or consultancy firm to which these fees have been paid?

**Mr Bodha:** I will do that. I will give you the details of the consultancy fees which have been paid for, in different cases. For example, the socio-economic impact assessment, international exhaustion of trademark rights. This was the system from the European Union. The implementation for a National Intellectual Property Plan – this consultancy was paid, from what I see here, by Government. We will have some other consultancy trade remedies. We have made a request to the Ministry of Finance. For the consultancy for the studies and impact assessment trade agreements and trade related to China, the purpose is to identify the market access of Mauritian goods in China. Consultants will be appointed by the European Union and the project is going to be funded by the European Union.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you, Madam Chairperson. At page 179, under *Item 22120.008 (c) – Trade Remedies Expert*, to which the hon. Minister has just stated that the approval of the Ministry of Finance has been sought, can I ask the hon. Minister what is the scope of work for the Trade Remedies Expert? What are they supposed to do?

**Mr Bodha:** Well, the procurement exercise was launched in May to procure a Trade Remedies Expert for one year to ensure full compliance of the legal framework of trade remedies in Mauritius with other multilateral, regional and bilateral commitments. So, this consultancy fee is expected to be around Rs10 m. and it will be launched soon.

**The Chairperson:** Hon. Fowdar! A last question!

**Mr Fowdar:** Thank you, Madam Chairperson. Same page, same *Item 222120.008 (b) Implementation of National Intellectual Property Plan*. May I know from the hon. Minister whether there is any proposed date for the implementation?

**Mr Bodha:** Well, it will depend. First of all, we are going to introduce the Bill in the House, we will have the debates, and then we will have the Bill which will be enacted. Then, we will proceed with the project further.

*Vote 7-3 Foreign Affairs, Regional Integration and International Trade (Rs1,290,000) was, on question put, agreed to.*

*Vote 8-1 Ministry of Education and Human Resources, Tertiary Education and Scientific Research was called.*

**The Chairperson:** There are 19 pages and 60 minutes.

Page 181! Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Madam Chairperson. At page 181, under *Item 21110.001 (1) – Permanent Secretary*, may we know whether the hon. Minister will ask the Permanent Secretary why it is that there is an under-spending of Rs700 m. for the last financial year? Under what project was therefore this under-spending done?

**Mrs Dookun-Luchoomun:** Madam Chairperson, I will have to wait for the information.

**The Chairperson:** In the meantime, we take page 183 from hon. Rughoobur.

**Mr Rughoobur:** Thank you, Madam Chairperson. Under *Item 22120 - (b) Fees icw Academy for Teachers*, may I know from the hon. Minister what is the status of the building that will be constructed?

**Mrs Dookun-Luchoomun:** In fact, we have got Rs5 m. for the start-up of the Academy which will start working at the Polytechnics of Montagne Blanche and the building will be set up later in the Reduit to Côte d'Or corridor.

**Mr Baloomoody:** On the same *Item 22120 (a) – Fees icw Training of Educators (Pre-Vocational)*, where Rs2 m. is earmarked. May we know where this training will take place and who will be the trainers?

**Mrs Dookun-Luchoomun:** The training will take place at the level of the Mauritius Institute of Education (MIE). We want all of them to be given the possibility and the opportunity to upgrade the qualifications so that in the near future they will all be considered as educators.

**The Chairperson:** Hon. Henry!

**Mr Henry:** Under *Item 21110.005 – Extra Assistance*, où une somme de R 6,500,000 a été votée, peut-on avoir les détails, et à qui cet argent est destiné ?

**Mrs Dookun-Luchoomun :** This normally goes to advisers and other officers that are taken up by the Ministry for their expertise. So, for Extra Assistance, the sum earmarked goes for the remuneration of five advisers. It is also used for payment of leave and end of year bonus.

**The Chairperson:** Hon. Lepoigneur!

**Mr Lepoigneur:** Thank you, Madam Chairperson. At page 183, under *Item 21110.004 – Allowances*, can we have a breakdown of the Rs10 m., please?

**Mrs Dookun-Luchoomun:** Again, it is for the payment of acting, ad hoc and responsibility allowances etc. to staff.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you, Madam Chairperson. Under *Item 22130 – Studies and Surveys (a) Nine Year Continuous Basic Education (NYCBE)*, may we know the status of this survey which has been ongoing for quite some time now, and for which last year we disbursed a sum of Rs10.5 m. and this year Rs5.1 m.?

**Mrs Dookun-Luchoomun:** We are referring here to the survey. In fact, it is under the RAS Agreement and the survey is being carried out. We are getting technical assistance and expert knowledge for survey with respect to the EDLP projects as well as early support programme. So, the survey is being done by the World Bank.

**The Chairperson:** Hon. Baboo!

**Mr Baboo:** Madam Chairperson, at page 183, under *Item 22130 – Studies and Surveys (b) Evaluation of Early Support Program*, may we know for what purpose is this evaluation, please.

**Mrs Dookun-Luchoomun:** Madam Chairperson, the Early Support Program is one that we have started at primary level, where we are providing remedial support to students having learning deficits. So, evaluation is being carried out by the World Bank to see the progress made in that field.

**The Chairperson:** Hon. Ms Sewocksingh!

**Ms Sewocksingh:** Thank you, Madam Chairperson. At page 183, under *Item 22070 - Cleaning Services*, where there is an increase in the budget. Can we know who has been awarded this contract and why there is an increase?

**Mrs Dookun-Luchoomun:** In fact, we are here talking about the Cleaning Services, where we have the cleaning of office premises. This sum is earmarked to meet the payment in respect of cleaning of premises, toilets at the Central Supplies Division and at three Government quarters at Suffolk Close, Britannia Park and River Walk, Floreal.

The cleaning of offices is mainly for the Headquarters.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Madam Chairperson. At page 183, with regard to *Item 22030 - Rent*, there is an amount of nearly Rs26 m. being paid. May we know to whom rent is being paid?

**Mrs Dookun-Luchoomun:** We have rental of building for renting of office space for the Head Office at the MITD House and for accommodation of Quality Assurance Offices at the NPF Building, Rose Hill. We had to move some of the offices because of the realignment of the Metro. So, the amount paid also goes for the Central Supplies Division, the rental of parking slots and the rental of facilities and for events.

So, as I have just said, the main amount goes to the MITD because we rent the spaces at the Head Office.

**The Chairperson:** Page 184! Hon. Ramful!

**Mr Ramful:** Thank you, Madam Chairperson. Under item *31112.002 Construction and Extension of Schools*, can the hon. Minister circulate the list of the schools where the construction and extension would be carried out?

**Mrs Dookun-Luchoomun:** I'll do that.

**The Chairperson:** Hon. Quirin!

**Mr Quirin:** Thank you, Madam Chairperson. With regard to item *26313.071 (c) - Grants to Private Pre-Primary Schools*, can the hon. Minister table a list of all the schools that have received grants for year 2018/19 including also the criteria used?

**Mrs Dookun-Luchoomun:** It goes to pre-primary schools that are in deprived regions, in areas where students coming there come from vulnerable groups and it is normally in terms of infrastructure or pedagogical support that we provide to them. So, last year, it was about Rs50,000 per school; this year the amount has increased to Rs60,000 per school and it is for 125 schools.

**The Chairperson:** Hon. Jahangeer!

**Mr Jahangeer:** Page 184, Capital Expenditure *31122 Other machinery and Equipment*, can we have details about this item?

**Mrs Dookun-Luchoomun:** It refers to acquisition of furniture, equipment and software for the MIE. The provision of Rs3.5 m. for year 2019/2020 will be used for the acquisition of software, including payment of licence fees, audiovisual equipment, for production of online curriculum material for primary and secondary levels, development of online curriculum material and production of materials for the Student Support Programme for Grades 7 to 9.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** Already answered.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Yes, already replied. Thank you

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Madam Chairperson. With regard to *26313.071*, I did not get the answer from the Minister. If she could just clarify how many students are benefitting from the Early Childhood Care Programme?

**Mrs Dookun-Luchoomun:** The Early Childhood Care Programme at this item number is meant for early childhood in terms of pre-primary schools, it is not the support programme. It is different.

*(Interruptions)*

The Early Childhood Care Programme refers to the ECCEA, the Early Childhood Care and Education Authority. It takes care of the quality assurance of all pre-primary units, private and public.

**The Chairperson:** Hon. Dr. Boolell! Hon. Ms Sewocksingh!

**Ms Sewocksingh :** I would like to have a clarification on item 26323.071 *Early Childhood Care and Education Authority*, for the year 2019/20, the budget allocated is Rs13,800 m. then for the other years' plan, it goes on to Rs2 m. May I have some clarification on same, please!

**Mrs Dookun-Luchoomun:** We normally identify pre-primary schools which require additional support. So, every year we provide this one-off grant to a number of schools. Last year, we had given to about 125; this year another 125 and most probably the schools that are left do not come under the criteria to benefit from the support. The schools that get this support are normally pre-primary schools in identified pockets of poverty, claiming school fees of less than Rs1,000 per month.

**The Chairperson:** Page 185! Hon. Baloomoody!

**Mr Baloomoody:** Under item 21110.001 (15) *Management Support Officer*, we funded for 119 and we are funding again for 119. Do we have 119 on the list?

**Mrs Dookun-Luchoomun:** Sorry! Can you just repeat?

**Mr Baloomoody:** Number of Management Support Officer, we funded 119 last year and again 119 this year. Do we, in fact, have 119 officers? Are there any vacancies?

**Mrs Dookun-Luchoomun:** In fact, we have filled up the vacancies this year. I don't think we have more and, if ever, we just get one vacancy because someone has gone on retirement, we normally replace him, it is an ongoing process.

**The Chairperson:** Hon. Baboo!

**Mr Baboo:** Under item 31112.002 – *Construction and Extension of Schools – Mount Ory GS (Pre-Primary Unit)*, may we know whether the construction has started and the name of the contractor, please?

**Mrs Dookun-Luchoomun:** For Mount Ory, I know that it is to be constructed. Let me just check! Okay, the construction of one block, consisting of two classrooms and toilet facilities and a playground and the project estimate is of about Rs9 m. The status, bids have been launched on 12 April and the closing date was on 14 May. It is at the evaluation stage.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Under the same item, Madam Chairperson, 31112.002 - *Construction and Extension of Schools – Mount Ory GS (Pre-Primary Unit)*, is there any other pre-primary school that is being constructed by her Ministry or is this the only pre-primary school in Mount Ory?

**Mrs Dookun-Luchoomun:** No, I think there is one more. Let me just check where it is. We have got one at Grand Baie Public Library.

**The Chairperson:** Page 186! Hon. Tarolah!

**Mr Tarolah:** Page 186, item 21110.001(30) – *Headmaster*, we can note that the funded post is 187 for both years, but there is a decrease in the budget.

**Mrs Dookun-Luchoomun:** Sorry!

**Mr Tarolah:** The decrease in the Estimate budget.

**Mrs Dookun-Luchoomun:** Most probably when some Headmasters retire, the new recruit gets less, so the salary would be lower.

**The Chairperson:** Hon. Abbas Mamode!

**Mr Abbas Mamode:** Madam Chairperson, concerning item 21110.001(38) – *Mentor*, we had 14; now the number has been decreased by 8. Do we understand that it will decrease again and again and phase out?

**Mrs Dookun-Luchoomun:** No, we have 6 vacancies which need to be filled.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** Under item 21110.001(38) – *Mentor*, we know the problem we are having in our primary schools now. Why have we reduced the number of Mentor from 14 to 8?

**The Chairperson:** The question has just been asked.

**Mrs Dookun-Luchoomun:** We haven't reduced. In fact, some of them have been promoted to other positions. So, we are going to fill the vacancies.

**Mr Baloomoody:** Last year, we funded for 14; this year we are funding only for 8 in the budget.

**Mrs Dookun-Luchoomun:** I repeat, Madam Chairperson. Some of them have been promoted. So, we need to fill up the vacancies.

**The Chairperson:** Page 187! Hon. Ramful!

**Mr Ramful:** Madam Chairperson, item *21110.005 Extra Assistance*, can we have a breakdown about this Rs30 m.?

**Mrs Dookun-Luchoomun:** So, the extra assistance goes to Project Manager, for our parent mediators and supply teachers for primary oriental languages, Arabic. So, once again, the extra assistance meets the payment of 7 parent mediators, supply teachers and a stipend to Chinese volunteers. Our Chinese volunteers are teachers of Mandarin from China.

**The Chairperson:** Hon. Lepoigneur!

**Mr Lepoigneur:** Thank you, Madam Chairperson. Under item *21210 - Social contributions*, can we know to whom these contributions are being allocated and what are the criteria, please?

**Mrs Dookun-Luchoomun:** Social contributions normally refer to the contributions made to the National Savings Funds for all the officers.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you. Item *22030 Rent*, I know the hon. Minister had replied earlier that for MITD Rs24 m. but can I ask the hon. Minister for which building is this for because there is a substantial increase this year from Rs21 m. to Rs24 m.? Which building is this for?

**Mrs Dookun-Luchoomun:** MITD?

**Mr Osman Mahomed:** No, item *22030 Rent*.

**Mrs Dookun-Luchoomun:** So, the rental, in fact, is due to the fact that we have to include the line for network services as well and the amount of Rs13 m. goes for the rental of line for network services.

*(Interruptions)*

Connectivity in primary schools. It is the rental for line for network.

**The Chairperson:** Hon. Armance.

**Mr Armance:** Thank you, Madam Chairperson. Item 21110.004 – *Allowances*, may we have some more details about fees.

**Mrs Dookun-Luchoomun:** Again allowances for payment of acting ad hoc and responsibility allowance.

**The Chairperson:** Hon. Adrien Duval.

**Mr A. Duval:** Thank you, Madam Chairperson. Item 21111.100 – *Overtime*, may we know, last year, out of the Rs8 m., how much was spent on overtime please?

**Mrs Dookun-Luchoomun:** It appears that the whole amount was spent.

**The Chairperson:** Page 188. Hon. Baloomoody.

**Mr Baloomoody:** With regard to item 22120.025 - *Fees to Oriental Language Teachers*, is it for those who are on a permanent basis or those of the evening schools? How many teachers are on that list?

**Mrs Dookun-Luchoomun:** We have 1223 teachers and they have been catering for 35,029 students.

**Mr Baloomoody:** Can we have the breakdown?

**Mrs Dookun-Luchoomun:** I can circulate it.

**The Chairperson:** Hon. Ramful!

**Mr Ramful:** Item 22070 - *Cleaning Services*, I can see a substantial amount Rs60 m., can we know the name of the contractor?

**Mrs Dookun-Luchoomun:** For the cleaning services, we have an amount of Rs68 m. and this goes to yard cleaning - Mauri Facilities Management Company Limited, a subsidiary of Landscape Facilities. It also includes lawn mowing, truncating of trees, bushes and high water pressure cleaning.

**The Chairperson:** Hon.Ameer Meea!

**Mr Ameer Meea:** Capital Expenditure – last item – 31112.402 - *Upgrading of Schools* Rs154 m., may I ask the hon. Minister if she can give a list of the schools that will be upgraded and also how is this being done? Is it being done in-house or contracted out, if so, may we have a list of the names of the contractor?

**The Chairperson:** Many questions in one question. I allow only one question.

**Mrs Dookun-Luchoomun:** I will circulate the list, Madam Chairperson.

**The Chairperson:** Hon. Rughoobur!

**Mr Rughoobur:** Thank you, Madam Chairpeson. Item 22060.001 *Maintenance of buildings*, I see there is an amount of Rs45 m. for the coming years. Often we have got problems with the adequacy of staff, may I know from the hon. Minister if this problem has been solved at the level of the department handling maintenance?

**The Chairperson:** I would request hon. Members not to ask questions regarding administration, but rather with regard to the provision of funds.

**Mrs Dookun-Luchoomun:** Madam Chairperson, the amount here refers to the maintenance of buildings in connection with primary schools such as waterproofing and burglarproofing. For the NYCBE, we have for maintenance and servicing of plant and equipment, for the zonal directorates and schools. There is also maintenance of the IT equipment.

**The Chairperson:** Hon. Ms Sewocksingh!

**Ms Sewocksingh:** Under the same item, Madam Chairperson, that is, item 28211.060, may the hon. Minister inform the House how many schools in Constituency No. 17 have benefitted from this maintenance and how many will be benefiting?

**Mrs Dookun-Luchoomun:** In fact, Madam Chairperson, the maintenance refers to all schools and we don't have the information per Constituency. We will circulate the list of schools.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you. Item 26313.034 - *Mauritius Examinations Syndicate*, as opposed to the years, the contribution has dropped down drastically to Rs56 m. compared to nearly a hundred million in other years. May we know why for this year?

**Mrs Dookun-Luchoomun:** It is because the MES has got its own revenues through fees of other examinations other than SC and HSC and it also have certain gains from foreign exchange rates. So, they do have their own fund.

**The Chairperson:** Hon. Henry!

**Mr Henry:** Item 28212.004 - *Primary School Supplementary Feeding Project*, je vois qu'il y a une somme de R100 millions qui a été votée l'année dernière. Peut-on savoir combien a été déboursé de cette somme? Combien d'enfants ont bénéficié s'il vous plaît?

**Mrs Dookun-Luchoomun:** In fact, Madam Chairperson, we have spent during the year Rs30 m. for the loans, enhanced meals for ZEP schools – Rs58 m., hot meals to two pilot ZEP schools. We have not started it yet. The tenders have been relaunched recently.

**Mrs Dookun-Luchoomun:** So, since it has dropped, it means that reparations and replacements have already been effected last year.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Yes. Thank you, Madam Chairperson. With regard to 31122.823 - *Acquisition of Equipment for Early Digital Learning Programme*, will the Minister give details of the programme itself, the IT infrastructure that is associated with the distribution of tablets if there is any?

In fact, all the resources and pedagogical materials had been uploaded in the tablet. But now, with the Primary School connectivity, they can take in information from any other site. I have been to schools where I have seen that this is being done in class. Teachers are getting information and other learning materials and using these in class because connectivity is there in primary schools.

**The Chairperson:** Hon. Ramful!

**Mr Ramful:** The same item 31122 – *Acquisition of Equipment*, can we know the name of the contractor?

**Mrs Dookun-Luchoomun:** The Early Digital Learning Programme is a programme which was done in collaboration with the Indian Government and it has been done through an agency of the Indian Government known as EdCIL. EdCIL had, in fact, identified along with the Ministry of Education, the supplier. If I am not mistaken, for that project EdCIL India was our consultant and the supplier was Kellton Tech Solutions Ltd.

**Mr Ramful:** Same page, item .005 – *Extra Assistance*, can we have some details about this?

**Mrs Dookun-Luchoomun:** Again, the extra assistance we are talking here about refers to payment to the supply teachers. Every year, the Ministry has recourse to, under delegated powers, the services of supply teachers secondary and these are normally degree holders or diploma holders. For 2019, there were 372 supply teachers that had been recruited, for 2020 we are expecting 350.

**The Chairperson:** Hon. Ramful!

**Mr Ramful:** With regard to the same project, MITD at Beau Vallon, can we know exactly where it is going to be constructed, the exact location? Is it going to be on the football pitch of Beau Vallon?

**Mrs Dookun-Luchoomun:** In fact, at Beau Vallon, we had a plot of land. There are two football pitches on there, half of the area is being used for MITD and MITD, in its project, also has a plan of having sport facilities within the compound.

*(Interruptions)*

In fact, all sport facilities in schools and in public buildings are being offered to people of the locality for use after school hours.

**The Chairperson:** Hon. Armance!

**Mr Armance:** Item 31122.821 - *Acquisition of Braille PC/Notebook*, I can see there is an amount of Rs5 m. budgeted, same for last year. Can I know, last year, who was the supplier of this notebook?

**Mrs Dookun-Luchoomun:** In fact, Madam Chairperson, we have 11 awardees for years 2016 to 2019 and for the academic year 2019/20, we have another five scholarships. Now, they are selected on the basis of their impairment. So, normally, we advertise, they apply and if it is seen that they are, in fact, eligible, they are given the scholarship.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** Item 26 – *Grants – 26323.125 – Mauritius Institute of Education*, Rs12 m. last year, Rs18 m. for next year. May we have a breakdown of how this money was used?

**Mrs Dookun-Luchoomun:** So, in the case of MIE, we find that the increase in provision is explained by the payment of salaries and related costs for additional staff recruited for the implementation of the reforms, for content development, training of staff, production of audio-visual materials, commitments of the MIE for 2019/20 as regards increase in benefits payable to retiring officers, increase in the cost of part timers, salary compensation, filling of vacancies, increment payable for the period of January to June 2020.

**Mr A. Duval:** Thank you, Madam Chairperson. With regard to item 28212, can the hon. Minister tell us, with regard to all the scholarship schemes, how many people have benefitted from the various scholarships last year?

**Mrs Dookun-Luchoomun:** I must say that all the scholarships that we offer are taken up by students. So, whether it is the laureate schemes or the additional scholarships, they are all taken up. I must say that, for students with disabilities, since we advertise, it will depend on the number of students who apply for it.

**The Chairperson:** Page 197. Hon. Baloomoody!

**Mr Baloomoody:** I find that the *Free Tertiary Education Scheme*, there is a note below.

**The Chairperson:** Which item?

**Mr Baloomoody:** Item 26313.088(a)(vi) *Free tertiary Education Scheme*, Rs600 m. will be financed by the Lotto Fund. May we know from the hon. Minister whether now that we have *deux tirages de Loto par semaine*, are we going to have a fourth or a fifth one? Are we going to finance our tertiary education?

**Mrs Dookun-Luchoomun:** Madam Speaker, I must say that it is not supported solely by the Lotto Fund, but by both the HRDC and the Lotto Fund.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you, Madam Chairperson. On that same item *Free Tertiary Education Scheme*, I was under the impression that it will start from this academic year, but from what I see here it's for 2020/21. Can the hon. Minister shed some light on this?

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Madam Chairperson. With regard to item 26313.088 - (b) *University of Mauritius*, there is no substantial increase for this financial year. With regard to the now Free University Programme, how is it that there is no increase?

**Mrs Dookun-Luchoomun:** The funding for the free education does not go to the University, it goes as payment of fees and it will be provided by Government as fees for, it is not in the budget. This particular budget is for the running and the operational matter at the University.

**The Chairperson:** Page 198. Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you, Madam Chairperson. Item 26323.088 - (d) *Université des Mascareignes o/w Smart and Sustainable Campus*, for which we are being requested to vote Rs10 m. this year. Can I ask the hon. Minister some basic details about this project?

**Mrs Dookun-Luchoomun:** For the *Université des Mascareignes*, Madam Chairperson, they are looking for equipment and for '*La formation Professionnelle*'. This pertains to equipment for teaching and research at the Faculty of Sustainable Development and Engineering of the UDM, especially for two courses, namely *Efficacité*, Masters in *Efficacité Énergies Renouvelable* and the bachelor's degree in *Traitements des Os* being run by that faculty.

**The Chairperson:** Hon. Baboo!

**Mr Baboo:** Thank you, Madam Chairperson. Item 26123.145- *Polytechnics Mauritius Ltd*, we see that this year Rs8 m. has been earmarked and for next year, there is no grant for the Polytechnics, may we know why?

**Mrs Dookun-Luchoomun:** Madam Chairperson, Polytechnics Mauritius is funded through the HRDC and it is also receiving fees for the free tertiary education. So, they also get fees for non-subsidised courses.

**The Chairperson:** Hon. Dr. Boolell!

**Dr. Boolell:** Thank you very much, Madam Chairperson. With respect to item 26323 .088 - *Tertiary Education Commission/Tertiary Education Institutions (TEIs)*, now University of Mauritius has initiated two projects, (i) Climate Smart Agriculture Village (Belle Mare) (ii) Agripreneur Incubator & Agritech Park as in the Estimates 2018/2019. If we can be enlightened as to these two specific projects, where matters stand and who are the beneficiaries of these projects?

**Mrs Dookun-Luchoomun:** So, University of Mauritius has got its Climate Smart Agriculture Village at Belle Mare. The Climate Smart Agriculture Village is a project to transform Belle Mare into a model climate smart agriculture village so that its farmers will be climate resilient and enjoy sustainable livelihoods. Food production is increased in an environmentally friendly manner and allowing lower levels of greenhouse gases to be emitted.

**The Chairperson:** Hon. Ramful!

**Mr Ramful:** With regard to the same item, Polytechnics Mauritius Ltd, can we have an idea how many students are there, in those Polytechnics, currently?

**Mrs Dookun-Luchoomun:** I have been informed that there should be around 1,200 students by the end of this year. There are 709 and the number is expected to rise by the end of this academic year. We are expecting to reach at least 1,500 next year and 2,000 in the years to come. We are expecting to have 2,000 by 2020. But, maybe we won't reach that fast, we expect it to be 1,500 and then 2,000.

*Guet to case garde lors twa! Reste tranquille ar mwa!*

Madam Chairperson, I formally propose that on behalf of the Opposition, on this side of the House, that the total amount of Rs708 m. be reduced by Rs10 which, according to us, the Minister is not entitled to have such a salary, and the salary be reduced because of his performance as Minister of Tourism where he has brought that Ministry. I won't go into what has been said outside and inside the House and we have no intention to ask any further question apart from this reduction in the total vote of Rs708 m., be reduced by Rs10.

**The Chairperson:** If you say that the total vote includes the salary of the Minister, then this motion is not receivable.

**Mr Bhagwan:** Why Madam Chairperson?

*(Interruptions)*

**The Chairperson:** Because the salary of the Minister is statutory and does not fall within the province of this.

**Mr Bhagwan:** I am asking that the vote of Rs708 m. be reduced by Rs10, which according to us, is a motion of blame on the Minister.

Minister what has been the participation of the private sector in this Joint Promotion Campaign?

**Mr Gayan:** Madam Chairperson, with regard to the participation of the private sector in promotional campaigns for the destination, they participate with us in the fairs, but the bulk of the expenditure is borne for the destination by the MPTA, but the private, they do their own promotion for their own specific product.

**The Chairperson:** Hon. Dayal!

**Mr Dayal:** Madam Chairperson, item 26313 – *Extra Budgetary Units*, could the hon. Minister elaborate on that?

**Mr Gayan:** Madam Chairperson, with regard to the question being asked with regard to the emerging markets, I must say that the hon. Prime Minister and Minister of Finance has announced in the Budget that Rs160 m. has been earmarked for re-dynamising the Chinese market and Kenya, and we are working on that. Have they already been recruited or when are they anticipated to be recruited for this provision?

**Dr. Husnoo:** Soon! After the Budget, naturally we are going to start recruiting. We have to write to the PSC obviously to recruit these staff.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you. On the same *Item 21110 (9) - Specialist/Senior Specialist*, for which there is an increase of 20 Specialists. Can I ask the hon. **Dr. Husnoo:** As I just mentioned, we do have Neurosurgeons in Mauritius. Obviously, from the additional specialists, we will have to see the priority list and we are going to cater for these patients, depending on the requirement.

**The Chairperson:** Hon. Ms Sewocksingh!

**Ms Sewocksingh:** Thank you, Mr Chairperson. Under *Item 28212.007 - Savings Culture Campaign*, can the hon. Minister give us some details about same?

**Dr. Husnoo:** Provision is made for the issue of gift vouchers of Rs200 on the first and second birthday of children and they are undergoing medical check-up. The cash gift coupon scheme started in July 1997 by the Ministry of Finance and Economic Development.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to *Item 31132.401 - e-Health*, may we know, first of all, when the project began, the expected completion date and the percentage of completion we have reached, so far?

**The Chairperson:** I allowed three questions, but they are related to the same item. I don't know whether the hon. Minister has the answers with him.

**Dr. Husnoo:** I have just mentioned earlier that the expression of interest was launched by Exim India on 15 March 2019, with closing date on 30 April 2019. Further extensions are expected on EOI closing date as some issues were raised.

**The Chairperson:** I would appeal to hon. Members to refrain from putting more than one question on each item, please. Hon Tarolah!

**Mr Tarolah:** Page 215!

**The Chairperson:** We are on page 207. Hon. Baloomoody!

**Mr Baloomoody:** Already answered.

**The Chairperson:** Hon. Fowdar!

**Mr Fowdar:** Thank you, Mr Chairperson. At page 207, under *Item 21110 (1) - Director Clinical Services* and *(2) - Manager, Hospital Services respectively*, there seems to be no item of expenses for the next three financial years. Does it mean that the post will not be filled for the next three financial years?

**Dr. Husnoo:** For the Director and Manager, both posts will not be filled for the time being.

**The Chairperson:** We now move to page 208. Hon. Abbas Mamode!

**Mr Abbas Mamode:** Thank you, Mr Chairperson. Under *Item 21110 (29) - Midwife Educator (New)*, it is a new post. Why is it that no budget has been allocated to same?

**Dr. Husnoo:** Actually, the scheme of service needs to be worked out first.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. Can I refer the hon. Minister to *Item 21110 (14) - Ayurvedic Medical Officer/Senior Ayurvedic Medical Officer*. Can we know why for the same number of medical officers in this area, as last year it was 9, this year it is 9, whereas the amount earmarked has increased substantially?

**Dr. Husnoo:** Provision is made for 8 officers in post and 3 months' salaries provided to fill one vacant post.

**The Chairperson:** Page 209! Hon. Baboo!

**Mr Baboo:** Under *Item 21110 (73) - Senior Medical Imaging Assistant (on shift) (New)*. We know that the post is new and vacant, but can we know till when it will be vacant or when it can be filled?

**Dr. Husnoo:** For this one as well, the scheme of service is being worked out.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you, Mr Chairperson. At page 209, under *Item 21110 (46) - Nursing Officer* and *(47) Trainee Nurse* respectively, there seems to be a decrease in the number of Nursing Officers and same for Trainee Nurse, may I asked why this is so?

**Dr. Husnoo:** I mean full provision for 1,967 Nursing Officers actually in post and for filling of 136 vacancies. Decrease in provision is due to reduction in the number of funded posts from 2,153 to 2,103.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. Can I refer the hon. Minister to item *21110.001(47) - Trainee Nurse*? Last year, we budgeted for 365 Trainee Nurse whereas for this current financial year, we are only budgeting for 174 Trainee Nurse which is less 91. May we know why such a drastic reduction in the recruitment of these Trainee Nurses?

**Dr. Husnoo:** As you are aware, the course for Trainee Nurses takes three years. So, the batch that has been trained, now we are working to get - because once we start now, they are going to be ready to start working as a trained staff in three years' time. So, it is according to our planning, that's why it is like that.

**The Chairperson:** Hon. Ms Sewocksingh!

**Ms Sewocksingh:** Item 21110.001(55) - *Chief Midwife*, we can say that there is one midwife...

**The Chairperson:** 55, hon. Minister! Please!

**Ms Sewocksingh:** One midwife but the Estimates for 2019/2020 has increased compared to the previous budget, can we have some explanation?

**Dr. Husnoo:** Because this is for the full provision for one year made for the post because most likely last year she was just appointed for a few months and now the provision has been made for one year, that's why it's like that.

**The Chairperson:** Page 210, hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. I am interested in item 21110.001(83) - *Trainee Pharmacy Technician*. These Pharmacy Technicians do they train in-house in hospitals' pharmacies or do they get training elsewhere in some institutions?

**Dr. Husnoo:** They are trained in-house and secondly, we do send them sometimes to MIH for training.

**The Chairperson:** Page 211, hon. Dr. Boolell!

**Dr. Boolell:** Thank you very much. With respect to item 21110.001(107) - *Senior EEG Technician*, I would like to ask the Minister whether the Senior EEG Technician post has been filled?

**Dr. Husnoo:** Sorry, I beg your pardon. What's your question?

**Dr. Boolell:** Whether the post of Senior EEG Technician has been filled?

**Dr. Husnoo:** Nine months' salary is provided to fill one post, one candidate qualified for promotion.

**The Chairperson:** Hon. Baboo!

**Mr Baboo:** Item 21110.001(130) - *Health Laboratory Auxilliary*, may we know what is Laboratory Auxilliary?

**Dr. Husnoo:** Sorry! Can you repeat your question, please?

**Mr Baboo:** Item 21110.001(130) - *Health Laboratory Auxilliary*, the expenses from Rs16 m. to Rs12,608 m., it concerns about the Health Laboratory Auxilliary, may we know what is this Laboratory Auxilliary? What are these expenses?

**Dr. Husnoo:** What they do you mean? Work? Salary, you mean, why it came down. Exactly, you have 89 for this year but full provision has been made for 79 officers in post, provision for 5 additional posts provided under the item wages which is a different item; when they are temporary, they are classified under a different item, the item wage.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. On the same item 21110.001(130) - *Health Laboratory Auxilliary*, I see there are a provision for 79 for last financial year whereas for this financial year, there is provision for 84. However, I note for some reasons, the amount earmarked has been decreased instead of increasing. May we know why?

**Dr. Husnoo:** I just explained it actually because the full provision is for 79 whereas the 5 additional posts are under a different item, under the wage item, that's why it is decreased.

**The Chairperson:** Page 212, hon. Dr. Boolell!

**Dr. Boolell:** Thank you very much. With respect to item 21110.001(138) *Catering Manager*, again I would like to ask the Minister when this post will be filled, not that I am being nasty but the catering services in hospitals are very poor?

**The Chairperson:** Don't make comments, just refer to the item and put your question, please!

**Dr. Husnoo:** Actually, the post will not be filled for the time being but I can assure the hon. Member, the catering service in the hospital is not that bad, it is improving.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. In relation to item 21110.001(145) - *Cook (on roster)*, for the same number of cooks, 142 for each year, why there is a substantial increase of more than Rs6 m. earmarked as compared to what was last year?

**Dr. Husnoo:** Again, full provision has been made for the 86 officers in post. When I mean full provision, it is for full one year because some time when they start, a provision is made for three months, for one month, for six months but now full provision has been made for 86 officers and six months' salary is provided for 56 officers.

**The Chairperson:** Page 213, hon. Abbas Mamode!

**Mr Abbas Mamode:** Yes, thank you, Mr Chairperson. Concerning item 21110.001(165) - *Health Records Technician (New)*, which will cater, I suppose, for the IT department, no fund has been made available. Can the Minister state the reason?

**Dr. Husnoo:** Yes, but these are new posts and new grade, I mean, the Scheme of Service we have to work it out before we employ them.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. Can I refer the hon. Minister to item 21110.001(170) - *Trainee Biomedical Engineer?* Why do we not have any provision for this post, is it because it has been abolished or what has happened?

**Dr. Husnoo:** I just mentioned that the post will not be filled for the time being.

**The Chairperson:** Page 214, hon. Abbas Mamode!

**Mr Abbas Mamode:** Yes, thank you, Mr Chairperson. Item 21110.001(199) - *Assistant Orthopaedic Technician (Podo Orthosis) (New)*, here also no budget, no fund has been made available.

**Dr. Husnoo:** Same problem; post will be advertised after prescription of the Scheme of Service. We have to work the Scheme of Service first.

**The Chairperson:** Hon. Rutnah! We move to page 215. Hon. Tarolah!

**Mr Tarolah:** Thank you, Mr Chairperson. Page 215, Item 21110.001(225) - *Security Guard (on shift) (Personal)*, can the hon. Minister enlighten the House about the decrease in the number of funded posts whereas there is an increase in the Estimates compared to last year?

**Dr. Husnoo:** Yes, it is due to the increase in salary of these guards.

**The Chairperson:** Hon. Ms Sewocksingh!

**Ms Sewocksingh:** Item 21110.004 – *Allowances*, may we know who are the beneficiaries and what does it consist?

**Dr. Husnoo:** Allowances, provision made to meet payment of responsibility allowances, duty allowances, extra duty allowances on-call allowance, non-practising medical allowance, bank nurse allowance, night duty allowance, night bonus allowance, books allowance, on-call allowance, public holidays allowance.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** Item 21110.013 *Allowance icw Internship (Pre-Registration Training)*, 90 m. last year and we are going to have 90 m. for each of the coming years. May I know from the hon. Minister how many staff were involved for the last financial year?

**Dr. Husnoo:** Provision for payment of an all-inclusive allowance to 375 pre-registration doctors for the year 2018/2019 and it makes the same allowance.

**The Chairperson:** Hon. Dr. Boolell!

**Dr. Boolell:** Yes, with respect to item 21111.002 - *Travelling and Transport*, there is an item as budget of Rs459,215,000 in the Estimates of 2018/2019. Can we have a breakdown and if the Minister can give us details with respect to this sum which is going to be voted?

**Dr. Husnoo:** Travelling and Transport! Provision for payment of PRB travelling, travel grant, mileage allowance, refund of bus fares, petrol allowance for officers of regional hospitals, Central Supplies Division, Transport Division and Orthopaedics Workshop. Provision is also made for refund of bus fares to student nurses, refund of travelling to preregistration doctors in accordance with the recommendations of the PRB Report.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. At page 206, I am interested with *Item 21111.100 – Overtime*, where there is earmarked a colossal amount of Rs150 m. for last year and a similar amount for the current financial year. May we know who are the beneficiaries of this kind of overtime?

**Dr. Husnoo:** This provision is for payment of overtime to officers basically to run the 24-hour health service, pending the filling of vacancies, because it is a different grade from the general workers, attendants, nurses, and doctors across the board. That's why the huge sum.

**The Chairperson:** A last question on this page! Hon. Ramful!

**Mr Ramful:** On the same page, .005 – *Extra Assistance*. Can we have some details about this item?

**Dr. Husnoo:** It is provision for payment to medical officers and retired nursing offices employed on sessional basis on contract and on a month to month basis.

**The Chairperson:** Page 216! Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to *Item 26313.095 – Trust Fund for Specialised Medical Care*, may we know, now, who is the CEO or Director, and what is the salary drawn by that person, including all allowances, please?

**Dr. Husnoo:** For the time being, we don't have a Director there, but we have somebody who is acting; he is a DPS working in the Ministry and is getting an acting allowance. I can't remember exactly, but I think it is about Rs30,000 extra.

*(Interruptions)*

**Mr A. Duval:** Mr Chairperson,...

**The Chairperson:** No, you can't! You come later with another question.

**Mr A. Duval:** Just to clarify,....

**The Chairperson:** No! We have got so many names on the list, hon. Adrien Duval!

**Mr A. Duval:** Mr Chairperson, regarding the funding that we are approving, how much goes to the Director when the post would be filled to the Director?

**The Chairperson:** The salary of the Director eventually when you appoint.

**Dr. Husnoo:** The actual salary when he is appointed?

**Mr A. Duval:** Yes.

**Dr. Husnoo:** I am sorry; I don't have the figure now. I think I have been told that the full salary is about Rs113,000.

*(Interruptions)*

**The Chairperson:** Hon. Bhagwan!

**Mr Bhagwan:** Thank you, Mr Chairperson.

*(Interruptions)*

**The Chairperson:** Order, please!

**Mr Bhagwan:** I come on this famous - again, it reminds me of the Trust Fund for Specialised Medical Care. We all remember what happened when the previous Minister, now Minister of Tourism, who was the Head of the Ministry – *petite copine there!*

**The Chairperson:** Hon. Bhagwan, I have said I have got a long list of hon. Members who want to intervene. Can you please be brief?

**Mr Bhagwan:** Yes, I am brief.

**The Chairperson:** Yes, thank you.

**Mr Bhagwan:** *R 265 millions* we are being asked to vote! Can the hon. Minister inform the House, the country and the nation, the taxpayers...

**The Chairperson:** They are listening to you. Don't worry!

**Mr Bhagwan:** Yes, we are all paid by taxpayers' money. May we know whether the Minister has put order in the house there, because, I can say, we are all proud of this Trust Fund for Specialised Care. We, Mauritians, must be proud of this Centre, but they must be given the opportunity to work and what additional means he is giving to that Centre to perform?

**Dr. Husnoo:** As you know very well, previously, we had only one Centre at SSRN Hospital. Now, we have two Centres, one at Victoria Hospital as well. Two weeks ago, we have taken four Cardiac Surgeons, 10 Cardiologists and 3 Specialist Anaesthetists. So, we are expanding and developing the service as well.

**The Chairperson:** Hon. Abbas Mamode!

**Mr Abbas Mamode:** Thank you, Mr Chairperson. At page 216, under *Item 22060.003 – Plant and Equipment*, can the hon. Minister elaborate since a sum of Rs90,000,000 is earmarked?

**The Chairperson:** Elaborate on what?

**Mr Abbas Mamode:** I am sorry, on the equipment being maintained.

**The Chairperson:** Okay!

**Dr. Husnoo:** The provision is for the cost of -

- Maintenance contract of various medical equipment for regional hospitals and other equipment for the Central Health Lab and for the purchase of spare parts;
- Payment of 24/7 operations, inspections and maintenance of mechanical and plumbing installation service at Jeetoo Hospital; contract awarded to Manser Saxon Facilities for Rs14 m. ;
- Preventive maintenance and repair of medical gas system at New Jeetoo Hospital; contract awarded to Chemtech Ltd. for an amount of Rs6.7 m. for a period of three years, with effect from 01 January 2016.
- Operation and maintenance of the wastewater treatment plant at the SSSRN Hospital; contract awarded to Sotravic Ltd. for an amount of Rs12.5 m. for a period of 36 months.

**The Chairperson:** We move now to page 217. Hon. Rughoobur!

**Mr Rughoobur:** Thank you, Mr Chairperson. Under *Item 31122.801 – Acquisition of Medical Equipment*, where a considerable amount of Rs265 m. is voted during the financial year, and then Rs300 m. for the forthcoming financial year. May I know from the hon. Minister whether in the tender document, provision has been made for the maintenance once the equipment has been supplied? Is maintenance component forms part of the tender document?

**Dr. Husnoo:** Yes, we realise the problems that we faced before, because a lot of equipment, once they get broken, they cannot be repaired because sometimes of lack of trained staff to repair them, spare parts and all that. Nowadays, for most of the sophisticated equipment that we buy, we have a contract for maintenance.

**The Chairperson:** Hon. Dr. Boolell!

**Dr. Boolell:** Mr Chairperson, thank you very much. At page 217, under *Item 31112.003 (b) New Flacq Teaching Hospital (Phase I)*, can the hon. Minister apprise us as to whom the contract has been allocated and where matters stand with respect to construction of this new Flacq Teaching Hospital?

**Dr. Husnoo:** Actually, I am waiting to get the plan. Over the next couple of weeks, we are going to issue the tender. We will send it to CPB for the tender and once the CPB launches the tender, it is going to take, at least, two to three months and, hopefully, after that we will get somebody who is the contractor.

**The Chairperson:** Hon. Dayal!

**Mr Dayal:** Thank you, Mr Chairperson. At page 217, *Item 31112.003(b) New Flacq Teaching Hospital*, can the hon. Minister say when the project will be on, and a tentative completion date?

**Dr. Husnoo:** I have just explained. We are going to use the document soon. We have to send it to CPB and, hopefully, by September, we can get a contractor. It is going to take some 24 months for the project to materialise.

**The Chairperson:** Hon. Members, if I specify the page number, you don't have to make reference to it when you put your questions so that we gain time.

Hon. Adrien Duval!

**Mr A. Duval:** With regard to *Item 31112.403 (a) SSRN Hospital*, may we have the details of the upgrading works being done and also the name of the contractor?

**Dr. Husnoo:** The upgrading works at SSRN Hospital -

- Upgrading of electrical and mechanical work for Rs2 m.;
- Upgrading of the toilet;
- New Dialysis Unit at Long Mountain Community Hospital;
- Upgrading of minor and major operating theatres, and
- Other upgrading works.

**The Chairperson:** Hon. Fowdar!

**Mr Fowdar:** Thank you, Mr Chairperson. Same page, same item 31112.003(c) New Cancer Centre. Can I know from the hon. Minister when construction work/renovation will be terminated, and when the Centre will be operational?

**Dr. Husnoo:** As you know, we have two parts there. We have the old hospital and about 85% of the work has been done. For the new hospital, I think, about 30 or 40% of the work is done. Hopefully, if everything is all right, by mid next year, it should be operational.

**The Chairperson:** Hon. Baboo!

**Mr Baboo:** Under item 31112.003 (j) - *New Warehouse for Pharmaceutical products*, we see that a sum of Rs700 m. has been earmarked. Can the hon. Minister tell us whether the project has already been started and the name of the contractor, please?

**Dr. Husnoo:** No, actually, this project has not been started yet. We are working. Rs25 m. has been earmarked in this budget, but we are working on it for the plan and everything. This has not been started.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** On the same issue, has a place been identified for that storage? We were informed at the Public Accounts Committee that it has to be in a specific place around the island. So, I would like to know whether a site has been identified.

**Dr. Husnoo:** Initially, we have planned to go to Côte d'Or, but now if the Eye Hospital from Moka is going to move to Réduit Triangle, we may get that space where we have about 7 acres of land. We may use that to build the warehouse there.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Under item 31112.403 (b) - *A. G. Jeetoo Hospital*, I would like to ask the hon. Minister whether what has been announced quite some time now for a Neurosurgery Department and a Paediatric ICU by HSCC, the Consultant from India, whether this project is in the pipeline this year.

**Dr. Husnoo:** Actually, as far as the Neurosurgery Department is concerned, before we were going to build it near the old hospital, but we find that we need extra space. That is why we did not build it inside the yard where the old building is, we are going to try to shift it

to another place. So, that is why we are a bit late for that. So, that project is still on, but because of the fact that we have changed the place, it will take a bit of time.

As far as the Paediatric Intensive Care Unit is concerned, that, again, we are working on it. We are waiting for the plan and then we'll do the project because we don't have one Paediatric Intensive Care Unit in the whole of Mauritius. So, this project is very important and we are working on that.

**The Chairperson:** Hon. Tarolah!

**Mr Tarolah:** Thank you, Mr Chairperson. Under item 31112.003 (b) - *New Flacq Teaching Hospital (Phase I)*, can the hon. Minister provide some details about the Saudi funds which were expected for that project?

**Dr. Husnoo:** As far as the funding is concerned, we have got the funding. We have got the land. We have got the funding. The funding is going to be provided by a Consortium of Saudi Fund, Koweit Fund and Banque Arabe de Développement. So, they are going to contribute, I think about Rs4 billion for the first phase of the hospital. So, the land is okay, the finance is all right, so, we are just working on the procedures.

**The Chairperson:** Hon. Ramful!

**Mr Ramful:** In regard to the item in relation to the new Cancer Centre. Can we know the name of the contractor, be it the old building and the new one?

**Dr. Husnoo:** For the new Cancer Centre, it is Swadeshi, India.

**The Chairperson:** Hon. Armance!

**Mr Armance:** Already answered.

**The Chairperson:** Hon. Lepoigneur!

**Mr Lepoigneur:** Already answered.

**The Chairperson:** We move to the next page which is page 218. Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. I am interested in item number 21110.001 (7) - *Nursing Officer*. There is the same number of Nursing Officers for last financial year and this financial year, that is, 363, whereas for last financial year, the amount earmarked was

Rs78,900,000; for the current year Rs102,122,000. May we know why this substantial increase, bearing in mind the same number of staff?

**Dr. Husnoo:** As I explained earlier, sometimes the staff start at the lower end of the salary; they get paid for only about six months; a few months is earmarked for the last budget, but now full provision has been made for the 363 officers in post. That's why we get the maximum.

**The Chairperson:** Page 219. Hon. Rutnah!

**Mr Rutnah:** Under item 21110.001 (51) *Nutritionist/Senior Nutritionist*, although the number of Nutritionists is maintained at 11 for both financial years, why do we see a decrease in the budget for the next financial year compared to last year?

**Dr. Husnoo:** Again, this provision was made for 11 officers in post. Decrease in provision is due to lower salary drawn by the incumbent.

**The Chairperson:** We move to page 220. Hon. Quirin!

**Mr Quirin:** Thank you, Mr Chairperson. Under item 21110.004 – *Allowances*, a sum of Rs70 m. was earmarked for 2018/19 and the same amount for 2019/20. Can we know to whom these allowances have been paid for 2018/19 and for what purposes, please?

**Dr. Husnoo:** Provision made to meet payment of responsibility allowance, duty allowance, extra duty allowance, non-practising medical allowance, bank nurses' allowance, book allowance, etc. to doctors, nurses and all the staff.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to item 21111.100 – *Overtime*, out of the Rs30 m. overtime, may we know how much was spent for the last financial year?

**Dr. Husnoo:** Actually, from what I have got here, Rs30 m. was earmarked but the expenditure forecast is Rs35 m.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. In relation to item number 21110.001 (61) – *Head, Health Engineering Services (New)*, it is a new post, as I understand it. When is this post anticipated to be filled?

**Dr. Husnoo:** Again, it is a new post. We are waiting for the Scheme of Service.

**The Chairperson:** We move to page 221. Hon. Rughoobur!

**Mr Rughoobur:** Thank you, Mr Chairperson. Under item 22120 – *Fees*, there is an amount which has been earmarked for the setting up of a Food Standards Agency (Consultancy). A consultant, I think, was appointed. May I know the status of this interesting project, please?

**Dr. Husnoo:** This has just been mentioned by the Prime Minister in the Budget. So, we are going to work on it. The Rs10 m. has been earmarked so that we can have a consultant to work on the project. It is a very important project, but we have to get the consultant to start working on it.

**The Chairperson:** Hon. Quirin!

**Mr Quirin:** Thank you, Mr Chairperson. Item 22090 - *Security Services*, can we know to whom the contract has been awarded?

**Dr. Husnoo:** Which number, please?

**Mr Quirin:** 22090 – *Security Services*.

**Dr. Husnoo:** Provision for security service to be provided by private firm at Mediclinic and Vector Biology Unit at Curepipe. Contract has been awarded to RSL Security Services Ltd on 22 October 2012, renewable yearly upon satisfactory performance for watchkeeping in Mediclinic, Area Health Centres and Community Health Centres. As from 01 July 2015, the contract is being renewed on a month to month basis. Provision also includes payment of extra duty allowance to Police Officers for providing security service overnight to reinforce safety of patients and staff at five Mediclinics.

**The Chairperson:** Hon. Ramful!

**Mr Ramful:** Under item 22140 - *Medical Supplies, Drugs and Equipment*, can the hon. Minister circulate the list of suppliers?

**Dr. Husnoo:** The list of ...

**The Chairperson:** Can you circulate the list of suppliers?

**Dr. Husnoo:** Okay, I will circulate it.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Already answered, Mr Chairperson.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you. With regard to item 22140.005 - *Medical Disposables and Minor Equipment*, may we know the budget that was spent last year out of the Rs40 m.?

**Dr. Husnoo:** The whole budget was used last year from what I have been told, but I have got some figures somewhere. I can't find it, but I can circulate it.

**The Chairperson:** We move to page 222. Hon. Lepoigneur.

**Mr Lepoigneur:** Thank you, Mr Chairperson. Item 31112.006 (c) - *Construction of Mediclinics - Coromandel Mediclinic*, this was announced since 2015 by hon. Gayan. Can we know now if this project will see light and where? When will the construction start please?

**Dr. Husnoo:** If the hon. Member had looked at the paper yesterday or the day before, he would have seen the advertisement. It has already been tendered. It is at tender level.

*(Interruptions)*

Pardon.

**The Chairperson:** No question from a sitting position please. Hon. Quirin!

**Mr Quirin:** Thank you, Mr Chairperson. Item 31122.804 - *Acquisition of Laboratory Equipment*, can we know if the amount of Rs35 m. for 2018/19 has been fully spent, if so, can we know the name of the supplier please?

**Dr. Husnoo:** I think I will circulate. I have the information, but I have to look for this; I'll take time.

**The Chairperson:** Hon. Tarolah!

**Mr Tarolah:** Thank you, Mr Chairperson. Item 31112.006 (d) - *Construction of Mediclinics – Bel Air Mediclinic*, can the hon. Minister please give some details about the project?

**Dr. Husnoo:** Just like I mentioned for Coromandel as well, it has been advertised in the paper a couple of days ago.

**The Chairperson:** Hon. Abbas Mamode.

**Mr Abbas Mamode:** Item 31112.005(c) - *Construction of Community Health Centres - St Francois Xavier*, I see that there is an amount of Rs10 m. earmarked for the next financial year and the year after Rs25 m. I want to know where we are actually with this project and the amount to be paid to consultant?

**Dr. Husnoo:** Actually, the consultant has been working on the plan. We are going to upload it for tender over the next two weeks or so. It is for both St. Francois Xavier and Roche Bois.

**The Chairperson:** Hon. Baloomoody.

**Mr Baloomoody:** Item 21110.001(1) – *Head, Aids Unit*, may I know from the hon. Minister who is heading that Aids Unit and whether the Unit meets regularly because we remember under the previous Minister, this Unit was put to sleep? May we know whether the Aids Unit is active?

**Dr. Husnoo:** I can assure you it is very active. Actually, a lot of work is being done in the aids. Dr. Poonoosamy is heading the Unit.

**The Chairperson:** Hon. Fowdar.

**Mr Fowdar:** Thank you, Mr Chairperson. Item 31112.005(e) - *Construction of Community Health Centres*, can I ask the hon. Minister when will work start for Grand Bay Community Health Centre and is there any tentative completion date?

**Dr. Husnoo:** The document has been submitted to MPI to start working on the plan and all that.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. I see item 31121 in relation to transport equipment. Last year, an amount of Rs10 m. was voted. May we know what are these

transport equipment on which Rs10 m. have been spent? Can the hon. Minister circulate the list?

**Dr. Husnoo:** I am going to circulate it later on.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to the *upgrading of Community Health Centres* – item 31112.405, can the hon. Minister provide the list of areas in question for last year?

**The Chairperson:** It is better to circulate if it is a long list, hon. Minister.

**Dr. Husnoo:** I think so.

**The Chairperson:** We move to page 223. Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. May I take the hon. Minister to the last item of this page 22140 - *Medical Supplies, Drugs and Equipment*. May we know who are the suppliers and what sort of equipment and drugs had been supplied.

**The Chairperson:** I think you have a long list hon. Minister

**Dr. Husnoo:** Basically, it is provision of medical disposables such as syringes, needles for the needle exchange program.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Just a clarification with regard to item 22120, an amount of Rs325 m. was spent in fees last year and this year, the same amount is provided. Can we know to whom these fees are paid to?

**Dr. Husnoo:** These are fees to meet training courses for midwife nurses, newly recruited doctors and paramedical staff. Professional and social workers on adherence and observance and psychological support and all health care workers on HIV/AIDS programme.

**The Chairperson:** Hon. Dr. Boolell!

**Dr. Boolell:** Thank you, Mr Chairperson. Item 21110.001(9) - *Officer-in-Charge, Harm Reduction Section*, it is an itemized budget in the 2019/20 Estimates. I would like to know when this post will be advertised? I am sure the Minister will agree with me that there is an urgency to fill this post.

**Dr. Husnoo:** The scheme of service was prescribed on the 20 of March 2019, so the post is to be filled shortly.

**The Chairperson:** Page 224. Hon. Baloomoody!

**Mr Baloomoody:** Item 22900.915 - *Multi sectoral Response to HIV/AIDS Programme*, Rs31,5 m. were earmarked for last year. Can I know out of this sum, how much has been used and who are the beneficiaries?

**Dr. Husnoo:** From what I have been told, the expenditure forecasted for last year was Rs21 m. Provision made for funding activities under global fund grant 2018/2020; and implementation of national action plan for HIV/AIDS 2017/2021; payment under Global Fund includes among others – for procurement of male and female condoms, rapid test kits, test kits, reagent for CD4 counts and viral reagents.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. Item 21110 .001(11) - *Specialised Health Care Assistant*, I see last year there was provision for 13. For the current financial year, there is provision for 50. May we know whether these 37 new specialised health care assistants have been recruited or not, if not, when are they anticipated to be recruited?

**Dr. Husnoo:** I have been told that there is a full provision for 13 officers actually in post and six months provision made for 9 unfunded and 28 additional posts to be filled - establishment and financial clearance already obtained.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to item 22900.982 - *Synthetic Drugs Prevention Programme*, Mr Chairperson, may we know how much was spent last year and how many people were touched by that programme last year, an estimation?

**Dr. Husnoo:** I don't know exactly how many people were touched, but I can circulate it.

*(Interruptions)*

I have been told the whole amount that was earmarked was spent last year.

**The Chairperson:** Hon. Quirin!

**Mr Quirin:** Mr Chairperson, with regard to the same item, can we have some details regarding this programme, the mode of operation, the seminars or meetings?

**Dr. Husnoo:** I have been told that as far as the synthetic drug is concerned, it is mainly at schools. It is mainly the young people that are involved. So, we try to go to schools, number one and we try to get those young guys who are not in schools as well. We have to get these young people as well. So, we tried to get them in school and out of school as well. Sometimes we go to the work place, sometimes we go to the community level. So, we do it at different levels as well.

**The Chairperson:** Hon. Fowdar!

**Mr Fowdar:** Thank you, Mr Chairperson. With regard to item 21110 – *Senior Specialised Nurse for Diabetes*, we had 7 during the last financial year and we have none for the forthcoming years, any reason for that?

**Dr. Husnoo:** No provision has been made as the candidate does not reckon the five years' service to get promotion to come to that grade. They need five years' experience to come into that particular Grade. We do not have anybody yet.

**The Chairperson:** Hon. Ms Sewocksingh!

**Ms Sewocksingh:** Thank you, Mr Chairperson. Item 22900.982 – *Synthetic Drugs Prevention Programme*, can the hon. Minister inform us under this programme how many people have been identified who are consuming synthetic drugs?

**Dr. Husnoo:** I have answered the question earlier.

**The Chairperson:** We move to the next page. Page 225, hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. I will refer the hon. Minister to item 22120 – *Fees*. May we know who are the beneficiaries of these fees and for what services?

**Dr. Husnoo:** Fees for training - provision is made for payment in connection with the fees to instructors of Yoga, Aerobic, Tahiti, training of nursing officers regarding cervical cancer screening programme, training of staff. For studies and surveys, fees to consultant, provision is made for a consultant from WHO for the formulation of an Action Plan on health programme.

**The Chairperson:** Hon. A. Duval!

**Mr A. Duval:** With regard to item, 28211.016, may I ask the hon. Minister why is it that we are stopping to fund NGOs for Anti-Smoking and Anti-alcohol Campaign? There is no future provision for that campaign.

**Dr. Husnoo:** This decrease is because provision is being centralised to support NGOs under Vote 25 – 1 – Centrally Managed Initiatives of Government.

**Mr Baboo:** Item 22130.007 – *NCD related studies and surveys*, can the hon. Minister tell us who is the consultant and why the same amount of Rs3 m. has been kept for three years consecutive?

**Dr. Husnoo:** Actually, it is not one survey, there are different surveys. For example, provision is made for conduct of studies and surveys as follows –

- Cervical cancer studies in Rodrigues;
- NCD and nutritional survey in Mauritius and in Rodrigues.

So, there are different surveys, not one survey.

**The Chairperson:** Hon. Fowdar!

**Mr Fowdar:** Thank you, Mr Chairperson. Item 22900.903 – *Awareness and Sensitisation Campaign*, can the hon. Minister briefly elaborate what it is about?

**Dr. Husnoo:** Provision is made to meet expenditure on campaign for the prevention of NCD, including new tobacco association clinics through MBC and private radio. The contract with MBC is Rs16 m. for one year. Miscellaneous expenses, provision for payment of miscellaneous expenses in connection with activities organised to mark world Health Day for Cancer, for Malaria, no tobacco, mental health, diabetes. Provision also includes purchase of books, utensils, cooking wares for cooking demonstration and all that.

**The Chairperson:** Last question for this vote, hon. Dr. Boolell!

**Dr. Boolell:** Thank you very much, Mr Chairperson. Item 22900.903 – *Awareness and Sensitisation Campaign*, if the hon. Minister could apprise us as to the outcome of this awareness and sensitisation Campaign?

**Dr. Husnoo:** As far as NCD is concerned, if we take diabetes, for example, over the last years, the prevalence of diabetes seems to have plateau. That is number 1. The number

of people who are smoking are decreasing now compared to the previous survey five years ago. So, we are getting results actually. It takes time. To change people's habit is not easy, but we are getting results, things are plateauing a bit now.

*Vote 10-1 Ministry of Health and Quality of Life (Rs13,100,000,000) was, on question put, agreed to.*

(6.37 p.m.)

*Vote 11-1 Ministry of Arts and Culture was called.*

**The Chairperson:** We have a total of 25 minutes for 8 pages. Page 226, hon. Rutnah!

**Mr Rutnah:** Thank you, Mr Chairperson. I am interested in item 21110 (2) -*Deputy Permanent Secretary*. There are provisions for two Deputy Permanent Secretaries. I see that the amount earmarked for this year has decreased. Have they taken some cut from their salary?

**Mr Roopun:** Mr Chairperson, the new incumbent in post is drawing lesser salary than the outgoing officer.

**The Chairperson:** Mr Baboo!

**Mr Baboo:** Thank you, Mr Chairperson. According to last year, the Estimates were Rs538 m. and according to the revised Estimates, it is Rs428 m. May we know why these underspent of Rs110 m.?

**Mr Roopun:** I do not understand the question.

**The Chairperson:** Can the hon. Member refer the item number and then put his question again?

**Mr Baboo:** The total Estimates of last year were Rs538 m. and according to the revised Estimates, only Rs428 have been spent. There is an underspent of Rs110 m. May we know why this difference of Rs110 m.

**Mr Roopun:** I do not know where my friend came with this revised Estimate. Can he, please, refer to the page so that I can understand?

*(Interruptions)*

Let me just explain. I do not know if I understand fully the question of my friend. Last year, the total expenditure voted was Rs538 m., recurrent was Rs431,500,000 and capital was

Rs106,500,000. For this year, what is being provided is Rs517 m., Rs424,900,000 for recurrent expenditure and capital Rs92,100,000.

**The Chairperson:** We move to page 227, hon. Henry!

**Mr Henry:** Item 21110.005 – *Extra Assistance*, il y a une somme R 1,750,000 qui demande à être votée. Peut-on savoir à qui cette somme allait être alouée?

**Mr Roopun:** Provision is being made for payment of salary for three Advisors.

**The Chairperson:** Hon. Rutnah!

**Mr Rutnah:** May I refer the hon. Minister to item 12 – *Assistant Procurement and Supply Officer*. Why was there a need to recruit a fifth one when four of them were actually doing the job?

**Mr Roopun:** The increase in provision is to cater for one additional post of Assistant Procurement and Supply Officer against a vacant post of Procurement and Supply Officer, Senior Procurement and Supply Officer. You are going to see in the line just preceding under item 11, there is no provision for a Procurement and Supply Officer.

**The Chairperson:** Hon. Baboo!

**The Chairperson:** I think the question has been put already on that item.

**Mr Roopun:** Provision is being made for payment of Acting Responsibility, cash in lieu of duty remission and driver's allowances.

**The Chairperson:** Hon. Armance!

**Mr Armance:** Thank you, Mr Chairperson. I would like to know about item 22060 – *Maintenance*, to which maintenance is this referred to? This is a recurrent sum of Rs285,000 each and every year.

**Mr Roopun:** Provision is being made for the maintenance of buildings, vehicles, IT equipment and fixtures and fittings.

**The Chairperson:** We move to page 228, hon. Rutnah!

**Mr Rutnah:** Item 21110.001 - (14) *Secretary, Film Classification Board*, I see there is one earmarked for this financial year. May we know whether he or she has already been recruited?

**Mr Roopun:** Provision is being made for the post as from July 2019, the post is going to be filled by promotion from the post of Assistant Secretary.

**The Chairperson:** Hon. Baboo!

**Mr Baboo:** Item 21110.001 - (18) *Percussionist (Personal)*, may we know why no fund has been earmarked for the 2019-20 Budget?

**The Chairperson:** Hon. Uteem!

**Mr Uteem:** Thank you, Mr Chairperson. Item 22030.005 - *Rental of Facilities for Events*, may we have a breakdown of the facilities rented and the purpose, the events for which they were rented and the cost of each?

**The Chairperson:** We move now to page 230, hon. Bhagwan!

**Mr Bhagwan:** Item 26313.052 - *National Art Gallery*, can the hon. Minister inform the House whether there is a Board which is managing that institution? How many members do we have at the National Art Gallery?

**Mr Roopun:** Mr Chairperson, at the National Art Gallery, we have got various members. Unfortunately, I don't have the list of the members. The Chairperson is Mr Darmarajen Veerasamy, representative of the PMO Mr Aubeeluck, a representative of the Ministry of Finance Mrs Bhanthooa, a representative of my Ministry Mrs Ramrukheea, a representative of...

**The Chairperson:** Can you table, please? If it is a long list.

Et là je vais sur l'item 31112.417 (c) - *Non-Residential Buildings Espace Artistique at La Citadelle*. Je vois que l'année dernière on avait voté une somme de R 3 millions, peut-on savoir qu'est-ce qu'il en est de ce projet-là ? Combien a été dépensé.

**Mr Roopun:** In fact, Mr Chairperson, the renovation works of La Citadelle is being carried out by the Ministry of Tourism and the Ministry of Arts and Culture will set up the Espace Artistique once the site is ready. Hence, there has been no disbursement during this financial year of the Rs3 m. earmarked and, next year, we have earmarked Rs200,000 just for the setting up of the Espace Artistique, and all the expenses are being incurred by the Ministry of Tourism and the works, I understand, are ongoing.

**The Chairperson:** Hon. Uteem.

**Mr Uteem:** Thank you. Item 31112 .420 - *Upgrading of Theatres*, can we have a breakdown of which theatres we are talking about and what are the works being carried out?

- (ii) goods and services including activities Rs6.6 m.

**The Chairperson:** Hon. Baboo, last question.

**Mr Baboo:** Item 22130 - *Studies and Surveys*. We can see that last year there was Rs1 m. which was allocated. May we know what are these studies and surveys and who is the consultant?

**Mr Roopun:** In fact, implementation of the project is being deferred taking into consideration ongoing project at the level of the Ministry and this was for the implementation of 'Le Marronage' Museum. This has been put on hold for the time being.

**The Chairperson:** Page 233. Hon. Bhagwan.

**Mr Bhagwan:** Item 31112.101 - *Construction of New Building for the National Archives and National Library*, can we know where will be the new building and the implementation schedule?

**Mr Roopun:** The project consists of the construction of a complex of international standard to house the National Archives Department, the National Library and the project cost is estimated at Rs455 m. and it's phased over the next financial years. Provision of Rs50 m. is being made, for this year, for consultancy services and preliminary works; Rs150 m.,

Rs225 m., and Rs30 m. for coming years. The contract has been signed in April with NBCC India for the selection of a Project Management Consultant and the design of the building will be submitted shortly, I understand, to the Ministry. It will be at Réduit.

**The Chairperson:** Hon. Adrien Duval.

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to the same item, National Archives and National Library, has a survey been made, an audit, for the damage done to books and archives because of the state that the building was in, and, if so, what percentage of these archives and books has been damaged?

**Mr Roopun:** It is not to my knowledge. I don't believe that any inventory has been made, Mr Chairperson.

**The Chairperson:** Hon. Uteem!

**The Chairperson:** Hon. Rughoobur!

**Mr Rughoobur:** Same item 26323.039- *Mauritius Museums Council*, may I know from the hon. Minister if the renovation works at the Port Louis Museum have been completed? Has it been commissioned and is it now open to the public?

**Mr Roopun:** Yes, the handing over has been effected. In fact, we are actually moving all the items which were stored in Mahebourg museum and they are coming back to Port Louis. It is a question of days before it is reopened.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** Page 233, item 26323.039- *Mauritius Museums Council*, last year there was a grant of Rs15.7 m., can we have a breakdown of how this sum has been used for the last financial year.

**Mr Roopun:** I will have to circulate.

**The Chairperson:** Yes, please circulate. Hon. Dr. Boolell!

**Dr. Boolell:** Thank you very much, Mr Chairperson. With respect to restoration and conservation of (a) and (b) Indentured Labourers Barracks...

**The Chairperson:** Which item are you referring to?

**Dr. Boolell:** Item 31112.417- *Restoration and Conservation (a) Indentured Labourers Barracks, Trianon (b) Batterie de L'Harmonie, Black River*, can the Minister apprise us as the work that has been carried out to restore these two sites?

**Mr Roopun:** In fact, so far as Labourers Barrack at Trianon is concerned, works have been completed and there are minor works which are still being done on the main building. Insofar as the *Batterie de l'Harmonie* is concerned, Rs2.3 m. was spent for the fencing of the site, and as announced during my speech, now we are launching an Expression of Interest to go under BOT to select anybody who wishes to be engaged in building and operating this place.

**The Chairperson:** Hon. Quirin, page 233!

**Mr Quirin:** The question has already been answered.

**The Chairperson:** Last question, hon. Baboo!

(7.04 p.m.)

*Vote 12-1 Social Security and National Solidarity was called.*

(Interruptions)

**The Chairperson:** We have 20 minutes for 6 pages. Page 235, hon. Ameer Meea!

**Mr Ameer Meea:** On Social Protection, why the budget has reduced from...

**The Chairperson:** Which item are you referring to, please?

**Mr Ameer Meea:** I am referring to item 12-102 - *Social Protection*. The hon. Minister has got it? There has been a drastic reduction in the budget.

**Mr Sinatambou:** Well, as the hon. Member will see, as regards the recurrent expenditure, we have therefore about Rs17 m. less and on capital expenditure about Rs40 m. less. The reason for capital expenditure is because part of the project was for the building of 2 homes. And what has happened is that we are still in the process of getting the land. So, we know already that we will not be in a position to use funds if we allocate them at this stage.

**The Chairperson:** We move to page 236, hon. Abbas Mamode!

**Mr Abbas Mamode:** Thank you, Mr Chairperson. At the end of the page, item 21110.004 – *Allowances*, Rs2.5 m. has been earmarked. Can we know who are the beneficiaries of these allowances, and if it is a Board, the Chairman of the Board?

**Mr Sinatambou:** The provision of allowances is made for the payment of extra duty, responsibility and *ad hoc* allowances to staff. The hon. Member will note that there is a reduced provision which is actually based on actual expenditure for the year.

**The Chairperson:** Hon. Uteem!

**Mr Uteem:** Item 21110.005 – *Extra Assistance*, two lines before the end, may I know from the hon. Minister who are the beneficiaries of these extra assistance?

**Mr Sinatambou:** Under the heading of extra assistance, provision is made for the payment of salaries of 4 Advisers –

- (i) On Information matters;
- (ii) On NGO matters;
- (iii) On Public Relation Matters, and

(iv) On Disability matters

*(Interruptions)*

Names! The advisor on Information matters is Mr Adaken; the Advisor on NGO matters is Mr Conhyea; the Advisor on Public Relation matters is Mr Chummun, and the Advisor on Disability matters is Mr Arekion.

**The Chairperson:** Hon. Ameer Meea!

**Mr Ameer Meea:** Page 236, already answered.

**The Chairperson:** Page 237, hon. Rughoobur!

**Mr Rughoobur:** Thank you, Mr Chairperson. Item 21110.001 – *Personal Emoluments*, I see that there is a unit, *Integration of Persons with Disabilities and Strengthening of the NGOs*. We are called upon to vote for, of course, the salaries of Head of Disability, Principal Disability Empowerment Officer. May I request the hon. Minister if there is any document that he can circulate on the achievement of this unit, the missions and objectives?

**Mr Sinatambou:** I undertake to do that, Mr Chairperson.

**The Chairperson:** Hon. Aadil Ameer Meea!

**Mr Ameer Meea:** On page 237, Item 21110.001(1) – *Basic Salary - Deputy Commissioner, Social Security*, funded position 1 for both years, but the salary compared to last year that was budgeted has been reduced by Rs45,000. What happened? Is it that the salary of the Deputy Commissioner has been ...

**The Chairperson:** Let the hon. Minister reply, please!

**Mr Sinatambou:** The hon. Member can rest assured that is not the case. The provision is made for the payment of salaries and increments but the decrease in the provision is due to the fact that the Deputy Commissioner had just been appointed. Therefore, he starts at the lower rung of the ladder compared to his predecessor.

**The Chairperson:** Hon. Uteem, on the same page!

**Mr Uteem:** Same page, item 21110.001(6) – *Basic Salary – Higher Social Security Officer*, can I know from the hon. Minister why has there been a reduction in the number of staff under that heading?

**Mr Sinatambou:** As the hon. Member will have noted, provision is made for the payment of salaries and increments for 78 funded posts of Higher Social Security Officers. Now, he will note that 8 posts are not being filled, that is because of the transfer of collection of the NPF Contribution from my Ministry to the MRA.

**The Chairperson:** Page 238, hon. Ramful!

**Mr Ramful:** Thank you, Mr Chairperson. Last item, *item 22060 – Maintenance*, can we know this item refers to what maintenance work and the name of the contractor?

**Mr Sinatambou:** And what was the question, please?

**Mr Ramful:** It refers to maintenance of what and who are the contractors who have carried out the maintenance work?

**Mr Sinatambou:** Out of the figure of Rs20,800,000, Rs10.5 m. is for the maintenance of buildings, Rs300,000 for the maintenance of plant and equipment, Rs2 m. for the maintenance of IT equipment and Rs8 m. for the maintenance of grounds. Now as regards the actual beneficiaries of the contracts, I will circulate the list. It is quite long.

**The Chairperson:** Hon. Jahangeer!

**Mr Jahangeer:** Thank you, Mr Chairperson. Page 239, Capital Expenditure...

**The Chairperson:** I said 238, hon. Jahangeer!

**Mr Jahangeer:** I wrote 239 there.

**The Chairperson:** But your name is for page 238 also. No? Hon. Aadil Ameer Meea!

**Mr Ameer Meea:** Page 238, item 22030 – *Rent*, Rs15,175,000, may we have the details of this amount and also to whom the rent has been paid?

**Mr Sinatambou:** The provision here is being made for rental of building which amounts to Rs14 m. for the Social Security House at Rose Hill, the Astor Court Office, local

offices, rental of parking slots, rental of facilities for events. I will circulate the details asked by the Member.

**The Chairperson:** Now page 239, hon. Rughoobur!

**Mr Rughoobur:** Thank you, Mr Chairperson. Item 22120.001 – *Fees of which Fees for Medical Boards and Domiciliary Visits*. May I know from the hon. Minister the criteria for the choice of the doctors, medical officers involved in domiciliary visits? May I know what are the criteria and whether there has been any changes, recently?

**Mr Sinatambou:** I recalled having ...

**The Chairperson:** It's better to table.

**Mr Sinatambou:** I don't have them in mind now, but I recall having replied to a Parliament Question. So, I will circulate the criteria. What I know, however, is that there has been no change from established criteria.

**The Chairperson:** Hon. Abbas Mamode!

**Mr Abbas Mamode:** Thank you, Mr Chairperson, item 26313.093 - *Training and Employment of Disabled Persons Board*, we are made to understand that there is no centre, there is only one board. So, can the hon. Minister give a breakdown of the expenses and the Chairman of the Board?

**Mr Sinatambou:** In fact, I also replied to a Parliamentary Question on this issue. True it is, that there were two training centres in existence. They had had to close down because they were structurally unsafe. Now, subsequently we have launched tenders in order to regionalise the system and to have six centres in the different corners of the island. So, four of the tenders have been launched and received favourable responses. Two of them have not received responses. So, work is ongoing. The Chairman of the Board has been for substantial amount of time the Permanent Secretary of my Ministry until, I think, two month ago.

**The Chairperson:** Hon. Bhagwan!

**Mr Bhagwan:** Mr Chairperson, item *Gifts to Centenarians*, can we know how many of the Centenarians...

**Mr Sinatambou:** What number, please?

**Mr Bhagwan:** Gifts to Centenarians.

**The Chairperson:** Can you mention the item number hon. Bhagwan, please?

**Mr Bhagwan:** Item 28212.013 - *Gifts to Centenarians* - I thought he was very intelligent.

*(Interruptions)*

Can we know how many of these we have annually, our Centenarians? And secondly, whether it is proposed to buy, instead of these *médailles ordinaires*, to propose to buy gold medals to give to our future centenarians?

**The Chairperson:** You are making a proposal, hon. Bhagwan, you are supposed to ask questions.

**Mr Sinatambou:** The amount of money consists of the provision of a cash gift, one-off cash gift of Rs21,200 per centenarian and a gift in-kind such as microwave, steam cookers, etc. I could certainly consider gold medal, but we already have a budget of nearly Rs27 billion.

**The Chairperson:** Hon. Ramful!

**Mr Ramful:** Item 22900.004 – *Catering*, can I know what this item stands for, and if the hon. Minister can provide us with a list of the suppliers of catering services if he has the list with him?

**Mr Sinatambou:** This amount of money caters for the payment of services for senior citizens attending the three recreation centres at Pointe aux Piments, Pointe aux Sables and Belle Mare.

**The Chairperson:** Hon. Jahangeer!

**Mr Jahangeer:** Thank you, Mr Chairperson. Capital Expenditure, item 28221.011 - *Charitable Institutions (CCTV Camera)*, may I know who benefited and who will benefit from the Charitable Institutions with regard to CCTV Camera?

*(Interruptions)*

**The Chairperson:** Order, please!

**Mr Sinatambou:** This is a provision for a camera project for charitable institutions. In fact, out of 27 charitable institutions, 22 of them have already implemented the CCTV camera project and they have accordingly benefited from the 100% grant payable by the Ministry.

**The Chairperson:** Last question on this page, hon. Aadil Ameer Meea!

*(Interruptions)*

**Mr Ameer Meea:** *Ene chance.* Mr Chairperson...

*(Interruptions)*

**The Chairperson:** Order, please!

**Mr Ameer Meea:** Item 22120 - *Fees - .001 for Medical Boards and Domiciliary Visits*, I don't recall that the hon. Minister has said that he will give a list of the fees for medical boards and domiciliary visits, if we can have the list, the details of the current year expenditure.

**Mr Sinatambou:** Yes, I have no problem in circulating that list.

**The Chairperson:** Page 240, hon. Uteem!

**Mr Uteem:** Can't we trade off the page before? *Non.* Item 31111.002 - *Construction of Recreational Centre at Riambel*, may I know from the hon. Minister where matter stands? When is the anticipated completion date?

**Mr Sinatambou:** As you are aware, this particular project is on a turnkey basis and there has been some delay. The contractor who is Beijing Zhuzong Group Co Ltd has actually been delaying for quite some time and we are hoping that we will get them to finish the project before the end of this year. We hope so!

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Yes, thank you, Mr Chairperson. With regard to item 31111.402 - *Upgrading of Recreational Centres*, can the hon. Minister provide the list of projects which are in the pipeline and that we are voting Rs10 m. for?

**Mr Sinatambou:** Yes, they are eight items of contractors.

**The Chairperson:** I think it's better you circulate.

**Mr Sinatambou:** Okay I'll do that. There are eight of them.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** Page 241?

**The Chairperson:** No, page 240!

**Mr Baloomoody:** Can we make some more detail about the upgrading of office...

**The Chairperson:** Which item are you referring to?

**Mr Baloomoody:** Item 31112.401 - *Upgrading of Office Buildings - Social Security Offices*, may we know for the Rs4 m. provided last year, how much have been used and for which offices?

**Mr Sinatambou:** Provision is for the upgrading works at the Social Security Offices of Petit Rivière, Plaine des Papayes, Rivière de Anguilles and Grand Gaube. So, I can circulate the details as the hon. Member wants.

**The Chairperson:** Hon. Rughoobur! Hon Ms. Sewocksingh!

**Ms Sewocksingh:** Page 241.

**The Chairperson:** Hon. Aadil Ameer Meea!

**Mr Ameer Meea:** Yes, I don't know whether this question has been asked before.

**The Chairperson:** Can you refer to the item, please?

**Mr Ameer Meea:** Yes, item 31111.002 - *Construction of Recreational Centre at Riambel*, there is a project value of Rs215 m. May we have the details of this project, when is it scheduled to be completed and operational?

**Mr Sinatambou:** Yes, I have answered the question.

**The Chairperson:** Yes, hon. Lepoigneur!

**Mr Lepoigneur:** Thank you, Mr Chairperson. Item 21110.004 – *Allowances*, can we have a breakdown of the allowances, please?

**Mr Sinatambou:** As I said earlier to a similar question, these are payments, allowances to staff, *ad hoc*, and so on. It's not to anyone outside, it's within the Ministry, *ad hoc* allowances and so on.

**The Chairperson:** Hon. Dr. Boolell!

**Dr. Boolell:** Thank you very much, Mr Chairperson. With respect to item .403 *Upgrading of Disability Centre*. Can the Minister apprise us what upgrading work has been carried out...

**Mr Sinatambou:** Sorry, which item are you referring to, please?

**Dr. Boolell:** Sorry, .403, my apologies. Item 31111.403 - *Upgrading of Disability Centre - Extension of Foyer Trochetia*, Will the hon. Minister be kind enough, Mr Chairperson, to apprise us as to the upgrading work that has been carried out to make the disability centre more user-friendly?

**Mr Sinatambou:** I think I can give you. First of all, quite a lot has been done. For example, the upgrading works comprise the purchase of a kitchen hood, extension of two additional wings at the Foyer Trochetia. It's quite extensive, I propose to circulate it to the Member.

**The Chairperson:** Page 241! Hon. Abbas Mamode!

**Mr Abbas Mamode:** Thank you, Mr Chairperson. Under *Item 22120.001 - Fees for Medical Boards and Domiciliary Visits*, can the Minister give a breakdown and inform the House how selection is made concerning Doctors?

**Mr Sinatambou:** In fact, the House should know that no selection has been made since I became the Minister. So, all those who are actually working have been employed as from before I became the Minister of Social Security. What I can say is that the fees are being provided for payment to 64 Doctors who are all employed on a sessional basis for assessment of invalidity pension and...

*(Interruptions)*

**The Chairperson:** Hon. Member, I have said you don't put question from a sitting position!

*(Interruptions)*

**Mr Sinatambou:** I am answering the question That's not fair; I have no problem circulating the list of doctors.

**The Chairperson:** Yes, thank you. Hon. Bhagwan! Hon. Ameer Meea!

**Mr Ameer Meea:** Already answered.

**The Chairperson:** Hon. Uteem!

**Mr Uteem:** Under *Item 28212.022 - Contribution to NPF on behalf of Domestic Workers*, may I know from the hon. Minister how many domestic workers are concerned by this measure and what is the criteria used to select the domestic workers on whose behalf their NPF is being paid?

**Mr Sinatambou:** Provision is made for contribution by Government to the NPF in respect of households and agricultural workers drawing a salary of up to Rs3,000 per month. The idea is to bring those categories of employees and the formal sectors and to enable them to earn a contributory pension along with their basic retirement pension after retirement. For this financial year, there have been 72 employees who have been provided for.

*Vote 12-1: Social Security and National Solidarity (Rs26,927,000) was, on question put, agreed to.*

*Vote 12-2 Environment and Sustainable Development was called.*

**The Chairperson:** We have 12 pages and 30 minutes. Page 243! Hon Adrien Duval!

**Mr A. Duval:** Mr Chairperson, *Item 21110(1) - Permanent Secretary*. Will the hon. Minister obtain from the Finance Officer why it is that there is a sum of Rs150 m. underspent for the last financial year, on what project was the money not spent?

**Mr Sinatambou:** Okay, I will endeavour to ask him that.

**The Chairperson:** Hon. Ameer Meea! Page 244! Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson, with regard to item 22030 – *Rent*, may we have the details of where that money is going?

**Mr Sinatambou:** The amount is provided to meet the cost of rental of office space, parking slots facilities. The rental is also for premises rented at Port Louis, ground floor, second, third, fourth and fifth floor, six to nine floors, twelve floor and a penthouse at Corner Line Barracks and St George Street, belonging to Capital Development, Ken Lee Tower which has been rented by the Ministry for more than a decade already.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you. Under *Item 22120.008 - Fees to Consultants - Environmental Management Strategy for Mauritius*, for which we are being requested to start off with Rs2 m. this year for a total project value of Rs20 m. Can I ask the hon. Minister what the study is all about? The Environmental Management Strategy for Mauritius, what is the exercise about?

**Mr Sinatambou:** With the advent of all those negative environmental phenomena, it is believed that it is time to look again at our environmental system, so we are thinking that we should review our national environment policy, come up with a national environmental strategy, devise a national environment action plan, and finally draw up an environmental investment program. This is something we used to do, but which haven't done, at least, during the ten years that you were in Government.

**The Chairperson:** Hon. Ameer Meea!

**Mr Ameer Meea:** The last *Item 28221.012 - Rainwater Harvesting Scheme*. Every year, there is an amount of Rs7 m. which is budgeted. May we have some more information on this Scheme?

**Mr Sinatambou:** Yes, for the amount of Rs7 m. voted for this financial year, the information I have is that, as at 20 June, we had spent more than Rs5.5 m. and that the balance available of Rs1.425 m. will be paid out before the end of the financial year. So, the whole amount is going to be spent this year. It concerns about twenty different buildings which are going to benefit from this Rainwater Harvesting Scheme.

**The Chairperson:** Hon. Baboo! Hon. Abbas Mamode!

*(Interruptions)*

Should I tell you the page now? You should follow! Hon. Uteem!

*(Interruptions)*

It's too late, hon. Abbas Mamode! Hon. Uteem!

**Mr Uteem:** Under *Item 28221.012 - Rainwater Harvesting Scheme*, the hon. Minister you just mentioned that there would be twenty sites, so may we know or can you table the name of the twenty beneficiaries of that Rainwater Harvesting scheme?

**Mr Sinatambou:** In fact, it is more than 24 sites that I have; 5 social welfare centres, 12 community centres, 3 NGOs, 4 local authorities. I certainly can and will circulate the list.

**The Chairperson:** Hon. Lepoigneur!

**Mr Lepoigneur:** Under *Item 26210.063 - UNEP Environment Fund*. Peut-on savoir si UNEP, d'après son enquête, vous a demandé combien de permis ont été donnés dans son dos ? UNEP, permis de *EIA licence*?

**Mr Sinatambou:** UNEP would never ask that.

**The Chairperson:** We move now to page 245. Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. Under *Item 21111.100 – Overtime*, may we know, out of the Rs700,000 for the last financial year, how much of that money has been spent on overtime?

**Mr Sinatambou:** I will check and let the hon. Member know.

**The Chairperson:** Hon. Ameer Meea! Page 245!

**Mr Ameer Meea:** Under *Item 21110.004 – Allowances*, there is an amount of Rs2 m. that is budgeted this year. May we have the details of this figure?

**Mr Sinatambou:** As I said in an earlier reply, the amount provided as allowances is for actingships, responsibility allowances, ad hoc allowances, sometimes cash in lieu of duty free and other social allowances, as approved by the Ministry of Civil Service and Administrative Reforms.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** *Item 31132 Capital Investment for Environmental Impact Assessment Licensing Project*, Rs10 m. is the project value for which we are being asked to vote Rs1 m., can I ask the hon. Minister for more details about same?

**Mr Sinatambou:** This is part of the electronic platform, the e-licensing system, which is devised throughout the country. The idea is to ensure celerity in delivery and also to ensure full transparency in the way things operate.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** Page 246! Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to *Item 22120.008 (a) Climate Change Adaptation Programme*, whether the hon. Minister can say, firstly, if there is any report, will he produce it to the House and, secondly, has the programme been completed as there is no longer any provision in the future?

**Mr Sinatambou:** I will request the hon. Member, if he has a close look at the different vote items, one is for training, one is for consultancy and one is for miscellaneous expenses. So, what he just referred to is about the payment to consultants. Regarding consultants, I can say that the estimated consultancy fees of Rs4.2 m. is for the cost of adaptation works being undertaken at Mont Choisy. There is a second consultancy fee of Rs1.5 m. which is expected to be paid for the extension of the early warning system for storm surge - that's the detail I have.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you, Mr Chairperson. Under *Item 22120.008 - (a) Climate Change Adaptation Programme*. I believe this year the exercise is going to be completed. Rs6.1 m. is being voted. Can I ask the hon. Minister for the implementation details on this? What is the way forward on the implementation on this?

**Mr Sinatambou:** As I just replied to the previous question, the Rs6.1 m. of consultancy fees, Rs4.2 m. for the coastal adaptation works at Mont Choisy Beach, which comprised of the construction of an artificial reef using precast artificial units, the beach refurbishment, ground removal and planting of sand binding plants on the rehabilitated sand dunes. That's for the first consultancy fee. The second consultancy fee of Rs1.9 m. is for the extension of the early warning system for storm surge, which we have been implementing before, but, this time, to include a wave swell as well as an inundation component.

**The Chairperson:** Hon. Dr. Boolell!

**Dr. Boolell:** Mr Chairperson, with respect to *Item 31410.402 –Improvement /Upgrading/Rehabilitation of Beaches*. I know this item is not budgetised, so I take it for granted that funding will come from National Environment Fund, but if the hon. Minister will enlighten us as to how money is going to be spent in respect to these projects?

**Mr Sinatambou:** I don't have the full details. What I can say is that there are a considerable number of projects regarding *Item .402*. There is one for the rehabilitation of beaches, a coastal erosion study at Blue Bay. There are coastal erosion works from Flic en Flac to Tamarin with a voted proposal of Rs15 m. We have consultancy services for coastal protection landscaping and infrastructural works at 10 sites for an amount of Rs20 m. There are quite a substantial number of proposals. We also have proposed beach management plans for four public beaches, namely Mont Choisy, Belle Mare, Flic en Flac and La Prairie.

**The Chairperson:** Next page, 247! Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to *Item 21110 (6) Scientific Officer (Environment)*, can the hon. Minister enlighten the House as to when recruitment procedure will be initiated and estimated date of recruitment of these two sites?

**Mr Sinatambou:** I could say soon. But I must reassure the hon. Member, it will be during the current financial year.

**The Chairperson:** Hon. Ameer Meea! Page 248! Hon. A. Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. Under *Item 31410.402 – Improvement/Upgrading/Rehabilitation/Rehabilitation of Public and Other Sites*. Will the hon. Minister give us a complete list of all the works under this item, undertaken for the last financial year? Will he circulate?

**Mr Sinatambou:** I don't have the list with me, but I will certainly circulate the list to the hon. Member.

**The Chairperson:** Hon. Uteem!

**Mr Uteem:** Under *Item 22060.011 - Rivers and Canals*. I see that there is a budget amount of Rs1 m. Is it that work is going to be carried out by the National Environment Fund?

**Mr Sinatambou:** The sum of Rs1 m. is just an indicator that we are going to keep it under maintenance, whereas under the NEF, it is going to be improvements. Just to make sure that it remains as a vote item.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you, Mr Chairperson. At page 248, under *Item 31122.804 - Acquisition of Laboratory Equipment for National Environment Laboratory*, for which we are being requested to vote for Rs6 m. for this acquisition, but I see every year this figure is constant over four years. Every year, we purchase Rs6 m. worth of equipment for the laboratory. Can we have some more details on this, please?

**Mr Sinatambou:** I don't have the specific details. What I can however say to the House is that this is a sort of incremental investment into apparatus to ensure that we can actually measure the environmental media, and ensure that we do our level best to equip this country so as to have a good environmental protection.

**The Chairperson:** Hon. Ameer Meea! Hon. Lepoigneur!

**Mr Lepoigneur:** Thank you, Mr Chairperson. Under *Item 22060.011 – Maintenance of which Rivers/Canals*. I can see that the budget came down by 50%, whereas we are getting big problem at Camp Creole every year as the river is near the inhabitants. I, myself, made several requests during Adjournment Time. This river has never been maintained. May we know why the budget is coming down and still nothing has been done there?

**Mr Sinatambou:** The hon. Member will note that *Item 22060.001* is one thing, but that the major chunk of the money were going to be used for rivers and canals is under *Item 31410.002*. I can assure the House that tens of millions of rupees are actually used to do the needful regarding rivers and canals.

**The Chairperson:** Page 249! Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to item *31132.112 – Consumer Information System for Sustainable Consumption and Production*, may we know what is exactly this programme, and secondly, who is the contractor who is going to build this information system?

**Mr Sinatambou:** As the House may be aware, sustainable consumption and production is one of the sustainable development goals. Already Government is part of the programme of the United Nations called the Switch Africa Green Programme with a number of other countries and as part of the process of greening our economy and also ensuring sustainable consumption and production, we want to have a consumer information system so that people of our country can make sure that they improve our resource efficiency, decrease

our waste, increase opportunities for green businesses and green jobs and, in particular, be better informed and become responsible and smart consumers. Of course, this programme is going to be tendered out and it is only the best bidder who is going to win the tender.

**The Chairperson:** Hon. Adil Ameer Meea!

**Mr Ameer Meea:** Already answered.

**The Chairperson:** Page 250! Hon. Quirin!

**Mr Quirin:** Thank you, Mr Chairperson. Under item *22070.001 Cleaning Services for Public Beaches*, can we know to whom the contracts have been awarded for financial year 2018/19?

**Mr Sinatambou:** Yes, with great pleasure. There is quite a substantial number of tenderers. It is to be known that the public beaches are separated into lots and there are ...

**The Chairperson:** Can you circulate the answer. I think it is better, hon. Minister.

**Mr Sinatambou:** I will therefore circulate the answer.

**The Chairperson:** Hon. Henry!

**Mr Henry:** Under the same item, *22070.003 - Operation of Landfill sites*, il y a une somme de R 225 millions qui a été votée l'année dernière. Peut-on avoir les détails s'il vous plaît comment ça a été dépensé et combien ?

**The Chairperson:** That also, hon. Minister, if it is a long list, it is better that you circulate it.

**Mr Sinatambou:** No, it is quite a small one.

**The Chairperson:** Okay.

**Mr Sinatambou:** What I can see is that provision is here made to meet the payment of landfill operation and maintenance of Mare Chicose which is Rs189,700,000. Then, rental of about 50 acres of land and finally, discharge fees to Wastewater Management Authority.

**The Chairperson:** Hon. Uteem!

**Mr Uteem:** On the same item 22070.010 - *Operation and Export of Interim Hazardous Waste*, can we know from the hon. Minister where are these hazardous waste kept before they are exported?

**Mr Sinatambou:** There is, Mr Chairperson, an interim storage facility for hazardous waste, which is found at La Chaumière and they are stored there before being exported.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** With regard to the same item 22070.009 - *Collection and Export of e-waste*, may we know the weight of e-waste that was exported last financial year?

**Mr Sinatambou:** I don't have the tonnage. What I have is that there is a contract for the recycling of 46,800 units of e-waste generated by households and the tender was awarded to a company called BEM Enterprises.

**The Chairperson:** Hon. Adil Ameer Meea!

**Mr Ameer Meea:** On the same item 22070.004 – *Operation of Transfer Stations*, Rs230 m. each year. May we know who operates these transfer stations and also is there a tendering process to allocate the contract?

**Mr Sinatambou:** Yes, I understand there are 5 transfer stations. Each and every transfer station is the subject of a competitive tender. So, if the hon. Member so wishes, I would circulate the list of the winning tenderers.

**The Chairperson:** Page 251, hon. Baloomoody!

**Mr Baloomoody:** Under item 28222.021 *Compensation for the relocation of Inhabitants of Mare Chicose*, can we know where matters stand on that issue? I see that provision has been made again for this year.

**Mr Sinatambou:** I understand that in the context of the extension of the Mare Chicose Landfill, every location exercise involving mainly land swapping and payment of compensation to the owners of residential buildings living at the Mare Chicose Village was carried out. 38 residential land owners in the Mare Chicose Village were to be relocated to Marie Jeannie, Rose Belle. From these 38 owners, only one owner is yet to be compensated. Provision is made for relocation of the remaining one owner and this has been carried forward to year 2019/20.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. With regard to item 26313.003 *Beach Authority*, may we know out of the Rs44 m. that was given to the Beach Authority last year, how much of that was spent on the protection of swimmers around public beaches?

**Mr Sinatambou:** I believe that the Rs44 m is about operational expenses.

*(Interruptions)*

Well, I have no idea. I will enquire.

*(Interruptions)*

I am not sure that if we look at the Beach Authority Act, that one of its functions would be to look - although I am sure it would be something nice...

*(Interruptions)*

**The Chairperson:** No comment from a sitting position, hon. Adrien Duval!

Hon. Adil Ameer Meea!

**Mr Ameer Meea:** On the same item 26313.003 *Beach Authority*, last year an amount of Rs30 m. was budgeted, but this year an amount of Rs13,500,000 is being budgeted. Why this reduction in the budget of Beach Authority?

**Mr Sinatambou:** In fact, it is not really a reduction, what has happened is that we had the implementation of the Beach Management Plans at Mont Choisy and the money is going to be added to the amount of Rs13,500,000 to bring it to Rs25.5 m. with a number of projects which are already contemplated.

**The Chairperson:** Hon. Osman Mahomed!

**Mr Osman Mahomed:** Thank you. Under item 22130 *Studies and Surveys*, we are being requested to vote a total of almost Rs3 m. for Waste Recycling and Resource Recovery Strategy and National Solid Waste Characterization Study. Can I ask the hon. Minister the status on this and the way forward in terms of implementation?

**Mr Sinatambou:** The National Solid Waste Management Strategy, as the hon. Member may be aware, is actually also co-financed by the *Agence Française de*

*Développement.* Phase I is about the study itself, it is already over and we are therefore coming up with our draft strategy with the emphasis on resource recovery. At the moment, we are busy working on Phase II which is about the feasibility study to be effected with regard to selected options identified in the first Phase.

**The Chairperson:** Last question, hon. Uteem!

**Mr Uteem:** I would like to come back to the question of compensation for relocation of inhabitants of Mare Chicose under item 28222.021 - *Compensation for the relocation of Inhabitants of Mare Chicose* where an amount of Rs3.4 m. has been budgeted for this year. I would like to know from the hon. Minister whether this amount is being disputed by the last remaining inhabitants of Mare Chicose that have to be relocated.

**Mr Sinatambou:** My understanding is that there is no disagreement on quantum and so on. My understanding is that, it is an old-aged person who seems to be reluctant to be displaced from the place.

**The Chairperson:** Page 252. Hon. Dr. Joomaye!

**Dr. Joomaye:** Thank you, Mr Chairperson. Item 22120 - *Fees of which Community Disaster Response Programme (b) Consultancy*, an amount of Rs2 m. budgeted, I would like to know if the consultant has been selected and, if yes, may I know his name?

**Mr Sinatambou:** I'm sorry I was looking at something else. Can you give me the vote item and the question again, please?

**Dr. Joomaye:** Item 22120-*Fees* sub-item (b) *Consultancy*, an amount of Rs2 m. budgeted, I would like to know if the consultant has been selected and, if yes, may I know his name, please.

**Mr Sinatambou:** Yes, in fact, pending remedial and corrective steps concerning disaster reduction, we have come up with a Community Disaster Response Programme where 40 threatened flood prone sites have been identified and we are now carrying out a programme where we train Community Disaster Response Teams to evacuate people and to help people whenever there is any danger looming. So, part of the money is going to be for the training of those 40 teams of Community Disaster Responders then other consultancy fees will be for a Disaster Risk Reduction Community Sensitisation in collaboration with what is known as the PIROI - Plateforme d'Intervention Régionale de l'Océan Indien, and there

would also be a training on Sendai Indicators with the United Nations Office for Disaster Risk Reduction.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Mr Chairperson. Same item, may we know under *(a) Training*, there is Rs3 m., how many people, are we estimating, are going to go through training for this financial year?

**Mr Sinatambou:** In fact, we are expecting four Community Disaster Response Teams consisting of, at least, 20 to 25 people per team. So, there are 1,000 people who we hope, we will be able to train and the training is a three-day training course.

**The Chairperson:** Hon. Uteem!

**Mr Uteem:** Under the same item *22120-Fees of which Community Disaster Response Programme (b) Consultancy*. May I know from the hon. Minister whether the consultant has already been appointed or there is a process of appointing him?

**Mr Sinatambou:** No. In fact, it says consultancy but it's going to be done by our resource persons in the National Disaster Risk Reduction Centre. Then when we come, however, to consultancies which the United Nations and with PIROI, there, of course, is going to be tenders.

**The Chairperson:** We move to page 253. Hon. Ramful!

**Mr Ramful:** Thank you, Mr Chairperson. Item *28222.025- Compensation for the Relocation of Inhabitants (Landslide)*. May I know about the families of Quatre Sœurs who have been affected recently by landslide? Have they all been relocated or is there any dispute?

**Mr Sinatambou:** Now, my understanding is that we have 11 families who have been compensated except for the heirs to two out of those 11 families.

**The Chairperson:** Hon. Baloomoody.

**Mr Baloomoody:** On the same issue, can I know whether those who were affected by the landslide at La Butte, not yesterday, but a few months before have had any compensation?

It is with respect to payment to planters and this will come from the Sugar Cane Sustainability Fund. I would like to ask the hon. **Mr Seeruttun:** Well, this is to cater for the Rs25,000 that we have awarded to all planters producing up to 60 tonnes of sugar accrued to them.

**The Chairperson:** Hon. Uteem!

**Mr Uteem:** On the same item *Payment to Planters - Sugar Cane Sustainability Fund*, the amount budgeted is Rs540 m. May I know from the hon. **The Chairperson:** Hon. Ramful!

**Mr Ramful:** On the same item *Sugar Cane Sustainability Fund*, the hon. Prime Minister said that the global amount will be Rs750 m. and only Rs540 m. has been budgeted so will the difference be paid by CEB?

**Mr Seeruttun:** Well, for the year 2018/19, the Rs135 m. has been earmarked for the rehabilitation of those fields and 258 hectares of land were earmarked to carry out the works for that particular year.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** Thank you, Madam Chairperson. On the same item 28225.014 - *Accompanying Measures to restore Abandoned Cane Lands*, last year, we budgeted Rs50 m. May I know how many hectares of land have come back to sugar cane plantation on this project.

**Mr Seeruttun:** Again, if the hon. Member is asking for last year, he means 2018/19, the year which is ending in June. 320 hectares of land have been rehabilitated for that.

**The Chairperson:** Hon. Dr. Boolell!

**Dr. Boolell:** Yes, Madam Chairperson, on the same item 28225.014 - *Accompanying Measures to restore Abandoned Cane Lands*, I know the hon. **Mr Seeruttun:** There is land that was in an abandoned state but used to be under cane land cultivation, it has been brought back to sugar cane.

**Dr. Boolell:** What is the acreage of prime agricultural land that has been encroached upon or released for non-sugar cane projects?

**Mr Seeruttun:** This amount is to bring back under sugar cane lands that were in an abandoned state. So, that's what I mentioned for the year 2018/19, 320 hectares have been brought back under sugar cane.

**The Chairperson:** Page 262, no question! Page 263, no question! Page 264. Hon. Uteem!

**The Chairperson:** Hon. Ramful!

**Mr Ramful:** Item 21110.001(110) – *General Worker*, I can see there 305 posts. Have all the posts been filled?

**Mr Seeruttun:** The reason for the reduction in the amount is the fact that there is only one enterprise that supplies compost which is actually under receivership and that is why there is a drop in the amount.

**The Chairperson:** Hon. Henry!

**Mr Henry:** Item 25210.021- *Development of Household Micro Gardens*, il y a un montant de R 5 millions qui a été voté l'année dernière. Peut-on savoir combien de personnes ont bénéficié et quel est le montant alloué ?

**Mr Seeruttun:** It is a new scheme that was introduced last year whereby a grant of Rs10,000 is being offered to all those householders who are eligible under that particular scheme. **Mr Seeruttun:** Well, in terms of reduction, the fact that this amount has been transferred to a different vote and also it is a demand-driven scheme. So, it depends on the amount of demand we have to cater for that particular scheme.

**The Chairperson:** Hon. Dr. Boolell!

**Dr. Boolell:** Thank you very much, Madam Chairperson. Item 25210.012 - *Seed Purchase Scheme (Potato, Onion and Garlic)*, the budget item is Rs5 m. Can I ask the hon. Minister to inform us as to the number of beneficiaries and whether the seeds are certified and, if so, by whom?

**Mr Seeruttun:** Well, this is the scheme which is under the AMB and as far as I know, it is a revolving fund, whereby an advance is given to those who produce those products and then when they deliver the seeds to the AMB, the amount that has been given is refunded.

**Dr. Boolell:** Who certifies?

**Mr Seeruttun:** Certification of the seeds is carried out, I think, the Seed Committee and the Potato Committee. It is the body that certifies the quality.

**The Chairperson:** Page 265, hon. Ms Sewocksingh!

**Ms Sewocksingh:** Thank you, Madam Chairperson. Item 28215.003 - *Sheltered Farming*, we can see that there is a budget of Rs55 m. allocated for this year. Can the hon. Minister give us some details as to how this money is going to be spent for this year?

**Mr Seeruttun:** We have been promoting Sheltered Farms across the island and we have identified a number of sites where we intend to set up those farms. **Mr Seeruttun:** Madam Chairperson, we have introduced this new crop some time back and we have created a nursery at Réduit at the level of the FAREI to produce the plantlets. I can see that we have already procured 30,000 seeds and we have already a number of interested parties who are interested to go into that venture. I am told that the corporate sector also has now earmarked some 100 hectares of land for that particular crop.

**Dr. Boolell:** Thank you very much, Madam Chairperson. Item no. 31112.057 - *Construction of Mauritius Biotechnology Institute*, the item as budget is Rs20 m. Can I ask the Minister whether land has been identified, whether there is a tender exercise on and, if so, will he inform us whether a contract has been awarded?

**Mr Seeruttun:** Yes, in fact, Madam Chairperson, we have already carried out a study to re-actualise the project that was initiated in the past and we have received a report from the consultant. Land has been identified in Réduit and now we are going to work out the architectural plan so that we can kickstart soon.

**The Chairperson:** Hon. Thierry Henry! Page 265 !

**Mr Henry:** Item 28215.008 - *Accompanying Measures - Non Sugar Activities (Bee Keeping/Tea)*, il y a une somme de R 9.5 millions qui a été votée l'année dernière, peut-on savoir combien de bénéficiaires ont utilisé ce *scheme*, s'il vous plaît ?

**Mr Seeruttun:** Well, this is a scheme that has been set up to boost the bee keeping activity. It includes training, providing equipment and making use of new technologies. Could he give us an estimation of the size now of the bee keeping industry in Mauritius in terms of what it produces?

**Mr Seeruttun:** Yes, Madam Chairperson. In fact, if we look at the production level, what it used to be in 2014 was about 15tonnes. It has gone up to 25tonnes the year ending, last December. So, it is progressing and we are confident that with what we are giving as support, it is going to go up even more in the near future.

For the last financial year, what is the amount of monkeys exported?

**The Chairperson:** Page 288! Hon. Uteem!

**Mr Uteem:** The last *Item 22900.922 - Conferences/Seminars/Workshops*, may I know from the hon. Attorney General, the Rs2.2 m. that is budgeted for, it is for which conference? Is there any conference that has been identified yet?

Page 289! Hon. Uteem!

**Mr Uteem:** Under *Item 31122.802 (a) - Online Project for provision of brief to Counsels*, may we have more details about this project?

**Mr Gobin:** This project is about the setting up of an online Government portal to receive and process applications for brief electronically instead of requiring the applicants to call at the Office of the DPP personally. Provision of Rs2 m. is made for this project.

and this year we are only refunding for 13 staff, doing away with the Legal Assistant cadre, Chief Legal Assistant, Legal Assistant. So, may we know why?

**Mr Gobin:** I reassure the House that the officers are still working. They are in the rank of Registrar, Legal Assistant Cadre, Chief Legal Assistant and Legal Assistant. They have been transferred to the Office of the Solicitor General instead of the Parliamentary Counsel.

*Vote 15-3 Office of the Parliamentary Counsel (Rs18,200,000) was, on question put, agreed to.*

**Mr Uteem:** Page 292, *Item 21110.005 – Extra Assistance*, may we know who are the beneficiaries of the extra assistance?

**Mr Gobin:** This is a provision for my advisers. I have none in that Ministry.

**The Chairperson:** Hon. Adrien Duval!

**Mr A. Duval:** Thank you, Madam Chairperson. Under *Item 31132 - Development of Human Rights Portal and Website*, may we know the total project cost and the expected date of completion?

**Mr Gobin:** An amount of Rs2 m. has been provided under vote *Item 31132 - Development of Human Rights Portal and Website*. The overall project estimate for hardware, software licence consultant, IT specialists etc. would be about Rs4.5m. The appointment of a consultant will be by September of this year and appointment of the contractor will be by the beginning of next year. The expected date will be four months for the development of the website.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** *Item 22900.979 - Expenses icw National Humanitarian Law Committee*, may we have some more details about that Committee? Who is chairing that Committee, when was the last time it sat and whether there is any report of that Committee?

**Mr Gobin:** This Committee: IHL (International Humanitarian Law) for workshops in partnership with Red Cross and to hold exhibitions in schools and colleges, including Rodrigues. Of course, Mauritius is a party to a number of conventions and treaties, referred commonly to as the IHL instruments. The Mauritius National Humanitarian Law Committee is established under the aegis of the Ministry and is composed of the following –

- The Chairperson is the responsible officer of the Ministry;
- The representative of the Commissioner of Police;
- The representative of the Solicitor General;
- The representative of FS, etc.

They are basically public officers from different relevant institutions.

**The Chairperson:** Page 293, hon. Uteem!

**Mr Uteem:** Under item *21110.001(1) - Director (New)*, there is provision of a new post, Director.

*(Interruptions)*

**The Chairperson:** Hon. Jhugroo, please, can you lower your voice?

**Mr Uteem:** Director of Institutional Reform, so may I know from the hon. Attorney General because no amount is budgeted, what will this Director do?

**Mr Gobin:** No amount is budgeted at this stage because the PRB, in its report 2016, recommended that the post of Director General OPSG be abolished upon the retirement of the

previous job holder with a view to optimising resources and the existing scheme of service be reviewed and Government is therefore in the process of revamping this office and the new scheme of service is being worked upon.

**The Chairperson:** Hon. Rughoobur!

**Mr Rughoobur:** Thank you, Madam Chair. Item 21110.001 (3) - *Financial and Governance Analyst*, there is an increase from 10 to 12, may I know from the hon. Minister the reason for this increase from 10 to 12 analysts?

**Mr Gobin:** I suppose it is related to the workload. There are, in fact, 16 posts on the establishment and provision has been made for two additional posts.

**The Chairperson:** Hon. Ramful!

**Mr Ramful:** Thank you, Madam Chairperson. Under item 22120 – *Fees*, can we have some details about this?

**Mr Gobin:** So, this provision concerns –

- fees to Chairperson and members of the Boards and Committees: Rs100,000;
- fees for training: Rs250,000;
- fees to consultants: Rs4 m.;
- refund of subscription fees to professional bodies: Rs175,000,

totalling Rs4,525 m.

**The Chairperson:** Hon. Baloomoody!

**Mr Baloomoody:** On the same item, can we know why for the next year that fees come down drastically from Rs4,525,000 to only Rs525,000?

**Mr Gobin:** Yes, because the project right now is for revamping of this OPSG, so that's why provision has been made for a consultant, if need be. After the project, there will not be any need for such an amount.

**The Chairperson:** Last question!

**Mr A. Duval:** Under the same item, Madam Chairperson 22120 – *Fees* can he circulate the list of the beneficiaries, board members who are paid following up from his previous answer, the board members who are paid from this item 'fees\?

**Mr Gobin:** Not at this stage, Madam Chairperson, I will have to come back and circulate it at a later stage.

*Vote 15-4: Justice, Human Rights and Institutional Reforms (Rs55,500,000) was, on question put, agreed to.*

(10.16 p.m.)

**The Deputy Prime Minister:** Madam Chairperson, I beg to move that you do report progress and ask leave to sit again.

**Mr Roopun rose and seconded.**

*Question put and agreed to.*

*On the Assembly resuming with Madam Speaker in the Chair, Madam Speaker reported accordingly.*

#### ADJOURNMENT

**The Deputy Prime Minister:** Madam Speaker, I beg to move that this Assembly do now adjourn to Wednesday 26 June 2019, at 10.30 a.m.

Hon. Uteem!

#### MATTERS RAISED

##### STREET LIGHTING SYSTEM – MALFUNCTIONING – ROAD ACCIDENTS

**Mr R. Uteem (First Member for Port Louis South & Port Louis Central):** Madam Speaker, I would like to raise an issue which is addressed to the hon. Minister of Public Infrastructure and Land Transport.

This morning, Madam Speaker, I went to a very moving funeral, one person from my Constituency passed away, he was a good Police Officer, he had a road accident and it is reported that the reason for the road accident was the malfunctioning of the street lighting system, *le feu de circulation* and it's not the first time.

Earlier this year, in my Constituency, at the junction of Labourdonnais and Volcy Pougnet, La Rue Madame Streets, again another accident occurred; again blaming was on the

malfunctioning of *le feu de signalisation*. Again, because of Metro Express, when we go to Rose Hill, coming from Ébène, at night, the *feu de signalisation* is yellow on both sides. So, again, there is confusion as to which car has priority if there is yellow flashing both ways.

So, I would urge the hon. Minister and whoever is going to report to him, whether an audit can be done about all these *feux de signalisation* in Mauritius to find out which one is functioning, which one is not functioning and at least have a coordination to prevent the occurrence of road accidents, especially when both are on yellow and the drivers don't know who has priority.

**The Deputy Prime Minister:** First of all, I wish to express my considerable sympathy with regard to the Police Officer who died in this accident. Of course, the Police enquiry will ensue and responsibilities will be focused on whoever, but as part of the general issue of malfunctioning or non-functioning of traffic lights because there are two issues. The one at Labourdonnais was where the two lights were showing green. So, that's a malfunctioning where there is evidently an issue of responsibility but for the flashing amber lights, I am sure you remember the Highway Code. The flashing amber light means you need to stop.

*(Interruptions)*

Oh yes, but that is the Highway Code, both stop and then the one who is first on the junction has priority. That is what it should be. That is for the flashing amber lights. We have three situations where the lights don't function. There is an electric fault, breakdown. It is the same as the flashing amber lights. I am not going to give a course on Highway Code but then the question of the malfunction like the Labourdonnais incident where both are green, then, of course, there is a grave issue, I don't know about the facts of that policeman.

**Madam Speaker:** Hon. Baloomoody!

#### **OLD-AGE PENSION - PROTOCOL**

**Mr V. Baloomoody (Third Member for GRNW & Port Louis West):** I would like to raise an issue to address the hon. Minister of Social Security. I have a constituent who was 60 in January and up to today, he has not received his old age pension, and every time he has been to the Social Security Office. Can I ask the hon. Minister at least to have a protocol so that people know exactly how long after they have been 60, they will receive their old age pension and whatever document they have to bring because some do receive it early, some do

receive it after six months, some don't even receive it. So, can I ask the hon. Minister to have at least a protocol to confirm to each and every person so that they know when they will receive their old age pension?

**The Minister of Social Security, National Solidarity, and Environment and Sustainable Development (Mr E. Sinatambou):** Let me take this opportunity to inform the House that there is a protocol. So, I do feel sorry for this constituent of the hon. Member, but there must be some reason. Very often, I mean, the protocol does state what are the documents, how it happens, what is the procedure, we have it an internal process.

So, this is an exception but I will look into the matter. If the hon. Member would kindly give me the name of his constituent, I will certainly look into the matter and see how to solve the problem but I would like first to reassure the House that there is a protocol and I'll do my level best to ensure that it is respected.

*At 10.21 p.m., the Assembly was, on its rising, adjourned to Wednesday 26 June 2019, at 10.30 a.m.*
