**ANNOUNCEMENT MADE BY MR. SPEAKER  
SITTING OF 27 JUNE 2023**

**Purpose of putting questions in Parliament is to seek information and press for action – not in order for Hon. Osman Mahomed to table document in relation to an information he had requested to be provided to the House**

Honourable Members,

As you are aware the purpose of putting questions in Parliament is to seek information and to press for action.

It was therefore not in order for the Honourable Osman Mohamed to table a document in relation to an information which he had requested the Honourable Deputy Prime Minister to provide to the House.

Honourable Members, when putting questions should not give answers, should not give information but should request for information.

Thank you for your attention.
