

ANNOUNCEMENT – 16 June 2022

Honourable Members,

I have to inform the House that my attention has been drawn to the fact that whilst the Honourable Assirvaden was intervening in the debate of the Budget yesterday, a Honourable Member has been noticed using a mobile phone for the purposes other than in connection with the discharge of parliamentary duties, in violation of the Rules on the Use of Electronic Devices in the Chamber and Committees as prescribed under Standing Orders 77 and 78.

I have viewed the video footage of the said proceedings and I am looking into the matter.

I thank you.
