**The Chairperson:** Thank you. Hon. Quirin.

**Mr Quirin:** Thank you Mr Chairperson. *Item 22120.040 – Expert Skills Scheme* of Rs40 million has been budgeted. Can we have some details with regards to this?

**The Chairperson:** Thank you. Hon. Ms Tour.

**Ms Tour:** Thank you Mr Chairperson. *Item 28216.019 – AFRITAC South and IMF Training Institute*, we see a considerable increase in budget. Can we know from the hon. Minister the reason for same?

**Mr Juman:** Item 28213.029 – *State Trading Corporation*, can I know from the hon. Minister the detailed breakdown of the pay-package of the Director of the STC and also the expenses incurred in terms of air tickets for overseas mission and *per diem*?

**Dr. Padayachy:** Provision required to compensate the STC for deficit in the subsidy account for LPG, flour and rice in the Financial Year 2021-22 and 2022-23. The reason for deficit; the deficit in the subsidy account are mainly due to the increase in the international prices of LPG, flour and rice. The STC is selling LPG and rice well below their market prices in line with our policy to subsidise these products as follows –

- At the time, Rs240 for the 20kg cylinder against the actual price of Rs560; and
- The rice at Rs10.80 per kilo compared to actual price of Rs35.

The total deficit in the subsidy account amount to Rs1.115 billion as Rs872 m. in Financial Year 2021-22 and Rs243 m. in 2022-23.

**The Chairperson:** Thank you. Hon. Dr. Gungapersad!

**Dr. Gungapersad:** Thank you Mr Chairperson. Page 492, Item 26210.221 – *IMF - Poverty Reduction and Growth Trust*. We find that only for this Financial Year a sum of Rs62 m. has been earmarked, we don't find it last year and we don't find it afterwards as well. It is a one off budgetary measure.

**Dr. Padayachy:** The provision is required for a contribution of Rs1 m. SDR towards the IMF Poverty Reduction and Growth Trust. Mauritius will pay the contribution into the PRGT subsidy reserve account from its existing SDR holding. In July 2023, IMF had requested Mauritius to consider making a pledge of 1 m. SDR to fund the PRGT subsidy account.

This pledge was proportional to our quota share in the fund raising target as a gesture of solidarity towards the poorest and most vulnerable countries. Mauritius has agreed to the request

and has informed the IMF that it would disburse the grant in July 2024. The Poverty Reduction and Growth Trust (PRGT) is the main vehicle through which the IMF offers concessional financing to low income countries for poverty reduction.

The funding, the PRGT borrows money from advanced countries at market interest rates and on lend those funds to low income countries at a below market rate. This rate is currently zero. The PRGT uses funds from the subsidy account to fill the gap in the interest it earns from low income countries and the interest it pays to advanced countries as such, the IMF needs more subsidy sources to continue its concessional lending.

- ii) Rs2500 for those earning above Rs20,000 and up to Rs25,000;
- iii) Rs2000 to those earning above Rs25,000 and up to Rs30,000; and

The scheme was introduced as from July 2022 and the Mauritius Revenue Authority has the responsibility to pay the allowance to the beneficiaries. Those employees earning up to Rs25,000 monthly will receive an allowance of Rs3000 or Rs2500 compared to the allowance of Rs2000 they are currently receiving.

So, for Financial Year 2024-2025, the amount voted would be used for capacity building workshops on gender mainstreaming, in mitigation actions, country specific emission factors, intergovernmental panel on climate change, methodologies and software and validation workshops for reports.

**Mr Ramano:** *Donc, pour la présente question, M. le président, le but c'est to conduct an in-depth study on risks related to the hazards, namely coastal erosion and marine submersion on mainland Mauritius and Rodrigues for crisis management. And during the Financial Year 2023-2024, funds were not used as the project officer could not be recruited. Well, during Financial Year 2024-2025, the sum of Rs700,000 will be used for translation of reports under the project itself.*

**The Chairperson:** Thank you. Hon. Abbas Mamode!

**Mr Léopold:** Thank you, Mr Chairperson, Item 22120.007 – *Fees for Training (Grant Funded) (c) Fourth National Communication*. Can the hon. Minister inform the House why there is such an increase in the amount allocated for this year?

**Mr Ramano:** For the Financial Year 2023-2024, the planned activities could not be undertaken as the National Project Coordinator is not yet in post. The amount voted has been shifted for Financial Year 2024-2025 and for 2024-2025, amount voted would be used for inception workshop to kick-start the implementation of the project and also for capacity building on Greenhouse Gas Emission Inventory Mitigation and Vulnerability Assessment.

**Dr. Gungapersad:** Thank you, Mr Chairperson. Page 276, Item 22120.008 – *Fees to Consultants (Grant Funded) (b) Fourth National Communication*, we find a steady increase in the sum allocated for that: Rs687,000 then it comes to Rs1.6 m. then it goes on to Rs4.3 m.

**Mr Ramano:** I think it has just been replied, Mr Chairperson, because I have just replied that for Financial 2023-2024 the planned activities could not be undertaken as the National Project Coordinator is not yet in post and the amount has been shifted to Financial Year 2024-2025. **Mr Ramano:** In the meantime, Mr Chairperson, I can reply for hon. Mrs Foo Kune-Bacha. The company is BRGM from France and Réunion.

**The Chairperson:** Thank you.

**Mr Ramano:** So, the objective for this sum which has been earmarked is to conduct an in-depth study on risks related to the two hazards, namely coastal erosion and marine submersion on mainland Mauritius and Rodrigues for crisis management. The justification is that during the Financial Year 2022-2023 funds were used as follows –

**Mr Seeruttun:** For the storage facility that we have catered for in this particular Financial Year. It is a project which needs to be started but I see an amount of money has been projected for the next 3 years. So, hopefully once all the process is started, we will know as soon as we have appointed one contractor, how long it is going to take to have it installed.

**The Chairperson:** Thank you. Moving on to Sub-Head 12-104 – Livestock Production and Development, we are on page 292. Hon. Dr. Gungapersad!

**Dr. Gungapersad:** Thank you, Mr Chairperson. Page 292, Item 21110.005 – *Extra Assistance*, Rs5 m. May we have details regarding same?

**Mr Seeruttun:** Yes. Rs5 m. has been provided to recruit veterinarian officers from SADEC member countries and from elsewhere because we have a shortage of vet officers in this country. That's why we are having recourse to recruit from overseas and that amount of money has been provided for that particular expenditure.

If you are going to ask me exactly for the MMA I don't have it right now but I can of course provide you with that information.

**The Chairperson:** Thank you. Hon. Minister. Hon. Ms J. Bérenger!

**Ms J. Bérenger:** Item 22130 – *Studies and Surveys*. Does this include the survey which supposedly had been done for the population of the Long Tailed Macaque?

**Mr Seeruttun:** Say it again.

**Ms J. Bérenger:** Est-ce que ce montant alloué pour la dernière année financière inclut le montant pour le *Survey* qui supposément a été fait pour estimer la quantité de *Long Tailed Macaque* à Maurice?

**Mr Seeruttun:** Je ne crois pas.

**The Chairperson:** Thank you. Hon. Léopold!

**Mr Seeruttun:** This provision is made for the payment of the Membership fees to the Indian Ocean Commission for the Surveillance Épidémiologique et Gestion des Alertes (SEGA) One Health Fund. So, of course this allows us to have the services on health surveillance and also to strengthen capacity building and all that.

**Mr Seeruttun:** Way leave, you mean?

**Ms J. Bérenger:** Oui, *clearance*, *way leave*. Il faut la permission du National Parks pour le faire.

**Mr Seeruttun:** In terms of felling of trees, it's at the level of the Forestry Department, not at the level of the National Parks and Conservation Service who gives the permit. It's the Conservatory of Forest who allows the permit to be given for felling of trees.

**The Chairperson:** Thank you. Hon. Ms J. Bérenger!

**Ms J. Bérenger:** *Still under the Item 31113.406 – Upgrading of Sports Infrastructure (c) Glen Park Multisports Complex*. Le ministre vient de répondre à la question de l'honorable

Anquetil, mais peut-il préciser quels travaux ont été entrepris pour cette somme de 1 million et est-ce que le complexe est opérationnel et ouvert en ce moment ?

**Mr Toussaint:** Comme je l'ai dit, *these are minor works*. Nous avons des petites réparations à faire dans le complexe, que ce soit au niveau de la salle, ainsi de suite. Bon, si besoin, je demanderai une liste complète. Si c'est opérationnel, je vais vérifier avec le Mauritius Sports Council.

**Mr Toussaint:** Whether the full amount is spent, I cannot tell it today because the financial year has not yet ended. We have to wait for the end of the financial year. This sum is for the

payment for the members of the Board, administrative costs, staff costs, projects and programmes, equipment and materials. So, there are a lot of activities that have been organised, for example, recreational activities, even in Rodrigues. There is a long list of different activities that have been organised.

**The Chairperson:** Thank you. Hon. Dr. Gungapersad!

**Dr. Gungapersad:** Thank you, Mr Chairperson. Page 338, Item 22130 – *Studies and Surveys*, may the hon. Minister enlighten us these studies and surveys, who conducted them and on what item were they carried out?

**Mr Toussaint:** Yes, Mr Chairperson. As from the next financial year, the National Youth Council has the responsibility of the National Youth Award and also, it will have to cater for the Special Youth Outreach Programme. Also, these are the costs associated to the Management of the Helvetia Youth Hub.

**The Chairperson:** Thank you. Hon. Mrs Foo Kune-Bacha!

**Mrs Foo Kune-Bacha:** Item 28211.043 – *Mauritius Scouts Association*, there has been a significant decrease in the allocation to the Mauritius Scouts Association, can we know why?

**Mr Osman Mahomed:** Item 26313.165 – *Construction Industry Authority*, through legislation, the CIDB has been enhanced to CIA, enhanced abilities to collect revenue, and yet, we are being asked to vote for Rs5 m. for the CIA this year. I thought it would have been autonomous in terms of financing.

**Mr Hurreeram:** Mr Chairperson, this provision is for the funding of partly the operating costs of the Construction Industry Authority. These comprise of salaries, travelling and construction, travelling of employees, council and committee fees, cost of utilities, rental, etc. As we all know, the CIA also generates revenue so, the other funds will come from their own funds.

**The Chairperson:** Thank you. Hon. Doolub!

**Mr Doolub:** Thank you, Mr Chairperson. Item 22170 – *Travelling within the Republic*, I notice a slight decrease for this item, may we have the explanation?

**Mr Hurreeram:** As at 31 May, the expenditure is nil, so, there has not been any money spent. The sum that has been allocated is as per trend of expenditure.

**The Chairperson:** Thank you. Hon. Uteem!

**Mr Uteem:** Thank you. Item 22030.005 – *Rental of Facilities for Events*, may we have a breakdown of the amount paid and events for which that was paid?

**Mr Hurreeram:** These are provisions for tent services, podiums and other facilities to socio-cultural organisations for the organisation of socio-cultural activities at national, regional, community levels. **Mr Ramful:** Item 26313.165 – *Construction Industry Authority*, can we know if there is a Board and what is the composition of the Board?

**Mr Hurreeram:** The Chairperson is Mr Tarkaswar Cowaloosur and the Members are –

**The Chairperson:** Thank you. We are still on page 346, Sub-Head 15-102: National Infrastructure Division. Page 347, hon. Osman Mahomed.

**Mr Osman Mahomed:** Item 31112.433 – *Refurbishment of Office Buildings*, Rs51,580,000, can we have the list of buildings, please?

**Mr Hurreeram:** Mr Chairperson, this is –

- for the repairs that are due at Emmanuel Anquetil Building. There are minor repair works that need to be undertaken;

Thank you.

**The Chairperson:** Thank you, hon. Minister. We are now at page 348, Sub-Head 15-103: Road Construction and Maintenance. Hon. Ms Anquetil!

**Ms Anquetil:** Je vous remercie, M. le président. *Item 31112.001 – Construction of Office Building at Grannum, Vacoas*, peut-on savoir du ministre à quelle phase se trouve actuellement ce projet de construction ? Je vous remercie.

**Mr Hurreeram:** Concerning Grannum, these are provisions that have been made for the construction of a new sub office for the RDA staff as there is currently no sub office for the RDA in the region of Plaines Wilhems. Bid was launched in Financial Year 2023-24 but, the bid obtained was 25% higher than cost estimates, so, we have to re-launch.

**The Chairperson:** Thank you. Hon. Doolub!

**Mr Doolub:** Thank you, Mr Chairperson. *Item 31113.003 – Construction and upgrading of roads of which (r) Motorway M4 (Phase 3) from Bel Air to Grand Bel Air (consultancy)*, may we know from the Minister the objectives behind having this consultancy done?

**Mr Hurreeram:** Mr Chairperson, as a Government that wants to preserve the environment, and we know that the M4 is a very important motorway that will benefit a lot to the inhabitants of the south and the eastern part of the island, we also have to preserve Vallée de Ferney. So, this is why this consultancy has been put to be able to work on the feasibility of a new alignment that will link Grand Bel Air to Bel Air, bypassing Vallée de Ferney.

**The Chairperson:** Thank you. Hon. Osman Mahomed!

**Mr Osman Mahomed:** *Item 26313.079 – Road Development Authority*, can I ask the hon. Minister why the substantial increase in provision, from Rs159 m. to Rs175 m.?

**Mr Hurreeram:** Mr Chairperson, as it is for all the employees of this country, it is also for the employees of the RDA. We have to cater. Provision is being made here for compensation that needs to be paid in the year 2024, the readjustment with the minimum salary and other administrative costs such as travelling, transport and uniform, amongst others.

**The Chairperson:** Thank you. Hon. Uteem!

**Mr Uteem:** Thank you, Mr Chairperson. Under Item 31113.003 – *Construction and upgrading of roads of which (e) Reconstruction of Jumbo Phoenix Roundabout and SAJ Bridge*, an amount of Rs135 m. is earmarked for this year. May I know what amount of this Rs135 m. relates to the SAJ Bridge which has just been inaugurated? What additional work is required there?

**Mr Hurreeram:** Mr Chairperson, there is no additional work. What we are catering for here is consultancy services as this is a unique structure, not only in Mauritius but in this part of the world. So, we need expertise of our consultant to continue to monitor the health of the bridge. In fact, it is a new bridge, so, we have to monitor: what is happening, how it is behaving with load, with the climate and all. This is for what the money has been catered for.

**The Chairperson:** Thank you. We are now on page 349. Hon. Ms Tour!

**Ms Tour:** Thank you, Mr Chairperson. At the bottom of the page, Item 31132.401 – *Computerisation Project of RDA*, may we know from the hon. Minister what exactly will be computerised at the RDA?

**Mr Hurreeram:** Mr Chairperson, the RDA intends to implement an Integrated Management Information System, where its main departments will have their own computer based information system to manage and automate their routine task and provide middle and top management tools to assist and provide a more organised and flexible approach to making decision necessary, to swiftly achieve the public expectations.

**The Chairperson:** Thank you. Hon. Mrs Navarre-Marie!

**Mrs Navarre-Marie:** Merci, M. le président. Item 31113.003 – *Construction and upgrading of roads of which (z) Junction on A1 Road at Pointe Aux Sables*, un montant de R 50 millions a été *earmarked*, est-ce qu'on peut savoir les détails de ce projet-là et quand est-ce que les travaux vont débiter ?

**Mr Hurreeram:** Mr Chairperson, there is no provision for this financial year.

**The Chairperson:** No provision for this financial year. So, hon. Ramful!

**Mr Ramful:** Item 31113.004 – *Construction and upgrading of bridges at (d) Cavendish, Ville Noire*, Rs11 m. I can see that was spent last year. What is it about?

**Mr Hurreeram:** Mr Chairperson, my hon. colleague will agree that the current Cavendish Bridge, which we have renovated, is a *patrimoine* but it remains small *et très étroit*. So, now, we have to study how we can eventually link Mahebourg to the other stand part of the island, on or about that same place and try to design something else to ease the movement of the people of No. 12 towards the east of the island. This is what the provision is for, for us to start studying what are the different possibilities.

**The Chairperson:** Thank you. Hon. Doolub!

**Mr Doolub:** Same Item 31113.004 – *Construction and upgrading of bridges at (b) Riviere des Anguilles near MCB (footbridge)*, may we know the status for this project, starting date and expected completion date? Thank you.

**Mr Hurreeram:** This project consists of design and construction of footbridge for safety of pedestrians on that main road.

**The Chairperson:** Thank you. Hon. Uteem!

**Mr Uteem:** Item 31113.403 – *Maintenance and Rehabilitation (a) Roads and Bridges*, an amount Rs400 m. is earmarked for this year. May I know from the hon. Minister what amount out of this Rs400 m. is earmarked for project in Constituency No. 2?

**Mr Hurreeram:** This budget is for the RDA, Mr Chairperson, mainly for the main roads, our motorways, our classified roads. So, if the hon. Member has any bridge which he is thinking of, he may communicate it me then I will give him a specific reply. Here, it is difficult for me to give a specific reply.

**The Chairperson:** Thank you, hon. Minister. Hon. Osman Mahomed!

**Mr Osman Mahomed:** Item 31113.403 – *Maintenance and Rehabilitation (e ) Whole Life Asset Management System*, no project value has been indicated here but safe that Rs40 m. was earmarked for the financial year that is ending and another exactly Rs40 m. for this year. Does

this mean that the project has not been implemented last year, because even the Director of Audit is quite critical about Life Asset Management at the Ministry?

**Mr Hurreeram:** Mr Chairperson, in fact, there was tender that was launched in March 2021, the RDA shortlisted four firms. I have a list of them, for the Whole Life Asset Management System. The procurement exercise was unsuccessful as bid received was well above estimated costs. So, in light of the foregoing, RDA is now seeking the services of a Road Asset Management Specialist at the Korea Expressway Corporation to assist in the review of the TOR as well as the bidding process, evaluation and contract management for successful development and implementation of the project.

**The Chairperson:** Thank you, hon. Minister. We are now on page 350, Sub-Head 15-104: Electrical Services Division. Hon. Uteem!

**Mr Uteem:** Thank you, Mr Chairperson. Under Item *31112.401 – Renovation of Ex-Tobacco Board Building - Claudette - 1st Floor*, may I know from the hon. Minister what this building will be used for?

**Mr Hurreeram:** Mr Chairperson, this is a provision for the complete maintenance of the 1<sup>st</sup> Floor of the Claudette Building at the Ex-Tobacco Board compound in Plaine Lauzun. The building was owned by the Ministry of Agro-Industry and has been now vested to MNI. So, we need to upgrade it to our standards so as our officers of the Electrical Services Division can move in.

**The Chairperson:** Thank you, hon. Minister. I see no further question.

*Vote 15-1 National Infrastructure (Rs2,835,000,000) was, on question put, agreed to.*

**The Chairperson:** We are page 356. Hon. Uteem!

**Mr Uteem:** Under Item *22030 – Rent*, can the hon. Minister give us a list of the premises that are being rented?

**Mr Hurreeram:** Provision has been made for the rental of building, Mezzanine, Level 10, Level 11, Level 12 at Citadelle Mall, and rental of 54 parking slots.

**The Chairperson:** Thank you. Page 357, hon. Ramful!

**Mr Ramful:** Item 26313.155 – *Drains Infrastructure Construction Ltd*, can the hon. Minister circulate the list of drains that have been constructed by the company region-wise?

**The Chairperson:** The hon. Member wants the Minister to circulate the list.

**Mr Hurreeram:** I have the list, I will circulate it.

**Mr Osman Mahomed:** Item 26313.155 – *Drains Infrastructure Construction Ltd*, I just heard the Minister saying that the salary package for the Officer-in-Charge is being calculated. Can I ask him whether the CEO, who was there, Mr Ramjattun has resigned recently, and if that is so, why is that so?

**The Chairperson:** This question is not admissible. Thank you.

**Mr Uteem:** Thank you, Mr Chairperson. Item 22120.008 – *Fees to Consultants - ICT Blueprint*, may we know who is the consultant and when will the Blueprint be ready?

**Mr Balgobin:** Mr Chairperson, this amount was for the consultancy services for the ICT Blueprint. We had launched three bidding exercises. However, the bids were not responsive. Now, in the budget, next financial year, the scope has changed because, now, we are going to do a blueprint for the digital industry instead of the ICT sector. So, this will be a new item for the next financial year and the bids will be launched when the specifications are ready.

**The Chairperson:** Thank you. Hon. Léopold!

**Mr Léopold:** Thank you, Mr Chairperson. Item 22900.040 – *Cybersecurity Drill (National Honeypot Infrastructure Setup)*, can the Minister provide details on this project, what is it all about because funds have been allocated for the next financial year?

**Mr Balgobin:** Mr Chairperson, the Cybersecurity Drill is, in fact, a new project called the National Honeypot Infrastructure Setup and it will be a system as a proactive defence mechanism and serve to identify any new attack on any vulnerability, if there are, on the system. This is done by the Computer Emergency Response Team of Mauritius.

**The Chairperson:** Thank you. Hon. Mrs Navarre-Marie!

**Mrs Navarre-Marie:** Merci, M. le président. *Item 28213.022 – Mauritius Post Ltd - (Contribution icw Digital Service Centres)*, on nous demande de voter pour un montant de R 44 millions. **The Chairperson:** Thank you. Hon. Uteem!

**Mr Uteem:** Under Item 31122.834 – *GOC Tier IV Data Centre*, may we know what this project is about and whether procurement has already been launched?

**Mr Balgobin:** Mr Chairperson, the procurement has not been launched because this is an item in the next financial year, as from 01 July. This item is to cater for the Government Online Centre, which is currently an old version; it has made its time. But now, we are going to go for a state-of-the-art Tier IV, like we call it in a technical term, Data Centre and procurement will be launched in the next financial year.

**Mr Maudhoo:** In fact, Mr Chairperson, this is long awaited equipment with regard to security and safety of our fishers. It is for the provision of communication devices to be used by the artisanal registered fishers, those who are boat owners only. In fact, we launched 2 procurement exercises in March 2022 and 2023 which were unsuccessful but invitation to bids were re-launched through advertising bidding in May 2024. In fact, we have given the opportunity to fishers to select two options, VHF radio or the personal locator beacon. So, from thereon we have 949 fishers who are boat owners have been selected. 136 have not opted to receive this communication device because they are over 65 years old, maybe they intend to retire. A bid has been launched, has been extended with regard. Hopefully in 1 months' time we will be able to realise this important gear which is important for our offices.

**Mr Ramful:** Item 28212.003 – *Compensation to Artisanal Fishermen (Relinquish Cards)*. Rs13 m. was earmarked, can we know how much money was spent as compensation and represents how many artisanal fishermen?

**Mr Maudhoo:** Mr Chairperson, provision made for payment of compensation to registered fishers aged 65 and above who voluntarily return, this is a voluntary return of the fisherman card to the Ministry or transfer it to their heirs. In fact, there is still a total of 308 fishers aged 65 and above. The quantum has increase, it was originally 2022-23 first time Rs52,500 and then in 2023-24 it was Rs100,000 and for this time it will be Rs125,000. So, 19 fishers have retired and Rs1,852,500 has been disbursed in that respect.

**Mr Maudhoo:** Yes, Mr Chairperson, with regard to Pointe aux Sables, the project is being reviewed for the implementation of a modern integrated project comprising of a toilet block, ice making machine, fish market and parking space as the land over there is almost half an acre which is available at my Ministry where we can make a very good project instead of just fish landing station. With regard to Bain des Dames, my Ministry has received representation from one temple in Bain des Dames where we wanted to shift the fish landing so the project is being revamped to address these issues.

**The Chairperson:** Thank you, hon. Minister. Page 425. Hon. Ramful!

**Mr Ramful:** Item 31113.012 – *Dredging of Boat Passage – Mahebourg*. Can we know if finally we have managed to find a contractor to do the work? Since 2015 we have been promising the fishermen of Mahebourg.

**The Chairperson:** You want the status of the project?

**Mr Maudhoo:** Yes, Mr Chairperson, with regard to *Dredging of Boat Passage Mahebourg*. In fact, the project will be reviewed again in light of the upgrading of the Jetty at *Maison des Pecheurs*, I think the hon. Member is there. Which is expected to be completed in 10 to 15 days. No, let me explain Mr Chairperson.

In fact, the jetty over there, the modern jetty which has been constructed to the tune of Rs19 m..Being given that the new project is already over there. The project is being reviewed with regard to the dredging. So, provision will be made thereat for adequate space for officials to move at the new jetty. Moreover the aim for reviewing the dredging of boat passage project is also to avoid any damage. Because for the place from where they wanted to operate Rémy Ollier

is not a fish landing, so this has to be reviewed and in fact, the costing was too much, we have to review. Anyway we are going to address it in consultation with the fishers of that region.

**The Chairperson:** Thank you, hon. Minister. Time Over! Sub-Head 19-202 – Certification of Seafood Products for Exports: Competent Authority, page 426. Thank you, so, hon. Uteem!

**Mr Uteem:** One question on the fees, Item 22120.028 – *Fees for Laboratory Test*. Why is the budgeted amount going down from Rs2.5 m. to Rs500,000?

**Mr Maudhoo:** In fact, Mr Chairperson, normally when they export samples of fish feed, water and ice are collected from the operators and they are submitted to laboratories like QuantiLAB, MSB, SDS etc, as per requirement of the EU. But, this was being funded. I think that was an anomaly and now this is being paid by the operators themselves.

**The Chairperson:** Thank you. Hon. Ms J. Bérenger!

**Ms J. Bérenger:** Item 21110.005 – *Extra Assistance*. May we know to whom this is paid?

It is also connected for monitoring of cases received through the mobile application L'ESPOIR, the hotline 139 and whether it is fully functional, yes it is directly connected to the Police Command Centre.

I might have gotten that appellation wrong. The Central Informatics Bureau has been requested to provide a project manager. So, for the creation and upgrading of DOVIS into a harmonised data collection platform, central data repository. It is fully operational, Mr Chairperson.

**Mr Ramful:** Can the hon. Minister tell us the number of domestic violence cases that has been reported for the last Financial Year?
